**Re: Advice No. 2021-20  
PSE's Electric Tariff Filing – Filed Electronically**

Dear Mr. Johnson:

Pursuant to RCW 80.28.060 and WAC 480-80-101 and WAC 480-80-105(1)(c), please find enclosed for filing the following proposed revision to the WN U-60, Tariff G for electric service of Puget Sound Energy (“PSE”):

**3<sup>rd</sup> Revision of Sheet No. 80, Schedule 80, General Rules and Provisions**

The purpose of this housekeeping filing is to include in Schedule 80, General Rules and Provisions, a tariff provision that is already in PSE’s Schedule 85, Line Extensions and Services Lines, regarding the adherence to the applicable governmental authority or law when extending or modifying PSE’s facilities and the associated financial responsibility of increased costs, if any.

While most of the electric facility construction requests come through PSE’s Schedule 85, PSE also has other new or existing facility modification related requests under Schedule 80 and other tariff schedules such as: Schedule 73, Conversion to Underground Service for Customers Other Than Government Entities; Schedule 74, Conversion to Underground Service for Government Entities; and Schedule 152, Interconnection with Electric Generators. The inclusion of this tariff provision in Schedule 80 allows the governmental authority language to be applicable to all electric tariff schedules.

The tariff sheets described herein reflect an issue date of June 23, 2021, and an effective date of July 31, 2021. Notice and posting of proposed tariff changes, as required by law and the Commission’s rules and regulations, is being completed in accordance with WAC 480-100-193(1).
