RE: BC Water Co LLC Tariff Revision and Request for WAC Exemption

Dear Mr. Johnson:

BC Water Co LLC is requesting an update to our existing tariff. We would like to add irrigation service rates (Schedule 4) to our tariff. We will provide irrigation services to both residential homes and large acreage customers.

We are also requesting an exemption for WAC 480-110-375 (1) (a) rule for billing periodicity for our irrigation customers.

The company is requesting to bill semi-annually instead of monthly. The reason I am asking for the exemption is that we are going through an update on the tariff and it is bringing up these complications. Our customers are used to paying twice a year for irrigation. If we go to 4 times a year it adds more paperwork and billing cost for both us and the customers. It will probably confuse or upset some of the customers. I wouldn't want to be billed four times a year or only once a year.

I would also like to point out that most irrigations systems in our area of the Tri-cities bill on an annual or semi-annual basis and customers are familiar with this practice.

I want to thank you for your consideration of this exemption.

Sincerely

Clayne Wiser
