Re: CLEC Application of ZiPLY Fiber Pacific, LLC

Dear Commission:

ZiPLY Fiber Pacific, LLC ("Pacific") is petitioning the Washington Utilities and Transportation Commission to be a Competitive Local Exchange Carrier ("CLEC"). In lieu of filing a balance sheet for Pacific, Commission staff has asked Pacific's parent company, Northwest Fiber, LLC ("NWF"), to file a statement regarding Pacific and its financial responsibilities. Pacific and NWF are sending this letter in response to staff's request.

Pacific is a wholly-owned subsidiary of NWF. NWF serves as the Member-Manager of Pacific. In connection with Pacific serving as a CLEC, NWF will guarantee Pacific's obligations for the time that NWF controls Pacific. Any future change of control of Pacific would be subject to further Commission notice.

Sincerely,

NORTHWEST FIBER, LLC dba ZIPLY FIBER
