Re: Second Revised Sheet No. 23 Canceling First Sheet No. 23 – Schedule No. 5

Dear Ms. Maxwell,

Attached you will find the above-referenced tariff pages. The purpose of this filing is to update pass-through water system facilities charges for the Lower Water System (DOH ID# 019595). The company is not sending a notice to customers as this proposal does not impact current customers.

This filing will not generate additional revenue for the company; therefore, the company is not submitting depreciation schedules, proforma adjustments, and other materials, excluding those referenced in the letter, as required by WAC 480-07-530 and requests a waiver of that rule to the extent necessary.

The proposed water system facilities charge is a pass-through of fees charged by Clallam County for new connections that have not paid general facilities charges assessed by these utilities as updated on or around April 11, 2022, and effective May 1, 2022. The company attached copies of current water supply contracts that detail the pass-through nature of the fees the company will collect and pay to Clallam County in addition to the latest fee schedule. These fees are subject to annual review and revision.

Mr. Jason Dorland has the authority to issue tariff pages on behalf of the company and the undersigned has the authority to file those tariff pages on behalf of the company.

The company respectfully requests that the Commission approved the filed revised tariff sheet. If you have any questions concerning this matter, please contact the undersigned.

Sincerely,

Sara Dorland

Finance Manager
