**T-MOBILE WEST LLC’S PETITION FOR RELINQUISHMENT OF
ITS LIFELINE-ONLY ELIGIBLE TELECOMMUNICATIONS CARRIER
DESIGNATION PURSUANT TO 47 U.S.C. § 214(e)(4)**

T-Mobile West LLC (hereinafter, “T-Mobile” or the “Company”) hereby submits this Notice of Relinquishment of its eligible telecommunications carrier (“ETC”) designation in the State of Washington, effective as of December 31, 2022. This petition is made pursuant to 47 U.S.C. §214(e)(4), 47 C.F.R. § 54.205(a), and Washington Administrative Code (“WAC”) 480-07-370(3). As explained herein, this relinquishment of T-Mobile’s ETC designation meets all applicable requirements and should be expeditiously granted.

II. BACKGROUND

On October 14, 2010, the Commission issued Order No. 01 in Docket UT-101060, designating T-Mobile as an ETC for purposes of receiving federal high-cost support and low income (Lifeline) universal service support. On June 14, 2012, the Commission issued Order No. 01 in Docket UT-120512 (“*MF I Designation Order*”), granting T-Mobile conditional designation as an ETC for purposes of participating in the Mobility Fund Phase I (“MF I”) auction. Pursuant to Ordering Paragraph (1) of the *MF I Designation Order*, T-Mobile filed with the Commission a notification specifying the names of the census blocks and census tracts where, pursuant to the auction results, it was eligible to receive MF I support,¹ as well as the names of associated incumbent local exchange carriers’ wire centers corresponding to the census blocks and census tracts.

On January 28, 2021, the Commission issued Order No. 1 in Docket UT-201000, granting T-Mobile’s request to convert its ETC designation to Lifeline-only and permitting the relinquishment of all previous high-cost ETC designations, including its MF I ETC designation. This change in T-Mobile’s ETC designations was effective December 31, 2020.

III. T-MOBILE’S NOTICE OF RELINQUISHMENT OF ITS ELIGIBLE TELECOMMUNICATIONS CARRIER DESIGNATION

Upon reviewing its on-going business plans, T-Mobile has decided to relinquish its Lifeline-only ETC designation in Washington. T-Mobile is at the forefront in providing innovative

and superior service offerings to its customers. In particular, T-Mobile offers a variety of low-cost service plans to various consumers in Washington, including Connect by T-Mobile and Project 10 Million. For example, Connect by T-Mobile plans include talk, text and high speed data starting at \$10.00 per month.² Project 10 Million represents a \$10.7 billion investment over five years that offers individual students and school districts free Internet access of 100 GB of data per year and mobile hotspots for 10 million eligible households.³

Also, T-Mobile's affiliates Assurance Wireless USA L.P. ("Assurance Wireless") and MetroPCS California LLC ("Metro by T-Mobile") participate in the FCC's Affordable Connectivity Program ("ACP"), which is an FCC benefit program providing up to \$30 per month toward internet service for eligible households, in addition to other benefits. Assurance Wireless is also a Lifeline provider in Washington.

Due to T-Mobile's focus on these and other initiatives, it has decided that it will not continue to operate as a Lifeline-only ETC in Washington. T-Mobile, therefore, provides this Notice of its intent to relinquish its ETC designation in Washington, effective December 31, 2022. T-Mobile will stop seeking federal Lifeline support after December 31, 2022.

A. T-Mobile's Relinquishment of ETC Designation Complies with Federal Law

The Commission "shall permit an eligible telecommunications carrier to relinquish its designation as such a carrier in any area served by more than one eligible telecommunications carrier."⁴ 47 U.S.C. section 214(e)(4) states in relevant part:

² Press Release, T-Mobile, *T-Mobile Launches Early to Help the Most Vulnerable in America Get and Stay Connected* (Mar. 23, 2020); <https://www.t-mobile.com/news/offers/tmobile-connect-launch>. See <https://prepaid.t-mobile.com/prepaid-plans/connect>

³ Project 10 Million Launch Page, T-MOBILE.COM, <https://www.t-mobile.com/business/education/project-10-million>.

⁴ 47 U.S.C. § 214(e)(4).

(4) Relinquishment of universal service

A State commission (or the Commission in the case of a common carrier designated under paragraph (6)) shall permit an eligible telecommunications carrier to relinquish its designation as such a carrier in any area served by more than one eligible telecommunications carrier. An eligible telecommunications carrier that seeks to relinquish its eligible telecommunications carrier designation for an area served by more than one eligible telecommunications carrier shall give advance notice to the State commission (or the Commission in the case of a common carrier designated under paragraph (6)) of such relinquishment. Prior to permitting a telecommunications carrier designated as an eligible telecommunications carrier to cease providing universal service in an area served by more than one eligible telecommunications carrier, the State commission (or the Commission in the case of a common carrier designated under paragraph (6)) shall require the remaining eligible telecommunications carrier or carriers to ensure that all customers served by the relinquishing carrier will continue to be served, and shall require sufficient notice to permit the purchase or construction of adequate facilities by any remaining eligible telecommunications carrier. The State commission (or the Commission in the case of a common carrier designated under paragraph (6)) shall establish a time, not to exceed one year after the State commission (or the Commission in the case of a common carrier designated under paragraph (6)) approves such relinquishment under this paragraph, within which such purchase or construction shall be completed.

In summary, the statutory requirements for relinquishing ETC designation are: (1) there must be more than one ETC serving in the area of the ETC seeking relinquishment; (2) the ETC seeking relinquishment must provide advance notice to the relevant state commission; (3) the customers served by the relinquishing ETC must have the ability to continue to be served by an ETC; and (4) to the extent that additional facilities are required to serve any of the relinquishing ETC's customers, sufficient notice shall be provided any remaining

ETCs to ensure that the construction or purchase can be timely completed. The relevant FCC rule essentially reiterates the same requirements.⁵

T-Mobile's notice of relinquishment of its ETC designation in Washington complies with federal law⁶ and must be granted because: (1) there is currently more than one ETC serving the ETC Service Area; (2) T-Mobile is providing advance notice to the Commission of such relinquishment; (3) the remaining ETCs in the market are able to serve the Lifeline needs of consumers within their respective designated ETC service areas that cover the ETC Service Area; and (4) no additional facilities will need to be purchased or constructed by the remaining ETCs.

1. There Is More Than One ETC Currently Serving Each Wire Center in the ETC Service Area

T-Mobile's ETC Service Area is currently served by more than one ETC.⁷ Because at least one other ETC (in addition to T-Mobile) serves in T-Mobile's ETC Service Area, applicable federal law requires the Commission to permit T-Mobile to relinquish its ETC designation.

2. T-Mobile Is Providing Advance Notice to the Commission

Consistent with 47 U.S.C. §214(e)(4) and 47 C.F.R. § 54.205(a), T-Mobile is filing this Notice over three months in advance of the requested effective date of relinquishment of its ETC designation. This advance notice satisfies the requirement to provide advance notice to the Commission of the Company's intent to relinquish its ETC designation.

⁵ 47 C.F.R. § 54.205(a).

⁶ There are no Commission rules regarding relinquishment of ETC status. However, to be an ETC in Washington, a carrier must be designated an ETC under federal law. Thus, T-Mobile's relinquishment of its ETC designation under federal law effectively terminates its ETC status in Washington as well.

⁷ See Exhibit A. All of the wire centers comprising T-Mobile's ETC Service Area are served by incumbent local exchange carriers ("ILECs") that are ETCs required to provide Lifeline service. In addition, Lifeline services are available from the following competitive ETCs ("CETCs"): Access Wireless, Assurance Wireless, enTouch Wireless, Life Wireless, Qlink Wireless and Safelink Wireless. See <https://www.hca.wa.gov/about-hca/apple-health-medicaid/lifeline-phone-services#lifeline-services-providers>.

3. The Remaining ETCs Will Serve Consumers

To the best of T-Mobile's knowledge, the ILEC ETCs and CETCs in the ETC Service Area will also continue to serve customers in the ETC Service Area. Thus, all customers within the Company's ETC Service Area will continue to be served by an ETC, consistent with 47 U.S.C. § 214(e).

T-Mobile has approximately 267 Lifeline customers in Washington. Following relinquishment of its ETC designation, effective December 31, 2022, T-Mobile will provide notice to the former T-Mobile Lifeline customers that it no longer participates in the Lifeline program. The notice will inform these customers that they will receive courtesy credits in the amount of their Lifeline discount for an additional 60 days following T-Mobile's relinquishment of its ETC designation, effective December 31, 2022. This notice process will afford T-Mobile's Lifeline customers time to select an alternative calling plan⁸, remain on their existing plan, or they may obtain discounted Lifeline service from another provider.

4. No Additional Facilities Will Need to Be Purchased or Constructed by the Remaining Eligible Telecommunications Carriers

To the best of T-Mobile's knowledge, none of the remaining ETCs will be required to purchase or construct additional facilities to continue to serve consumers within the ETC Service Area. Because the remaining ETCs collectively currently serve the entire area in which the Company is designated as an ETC in Washington, the Commission need not provide notice to these carriers to permit them to purchase or construct facilities to ensure that T-Mobile's customers will continue to receive service.

⁸ For example, customers could apply to receive ACP benefits from Metro by T-Mobile or Lifeline or ACP benefits from Assurance Wireless.

IV. CONCLUSION

Through this Notice, T-Mobile has complied with all requirements of 47 U.S.C. §214(e)(4) and 47 C.F.R. § 54.205. There is no barrier to prevent the Company from relinquishing its ETC designation in Washington. Consistent with all applicable requirements, T-Mobile respectfully requests the Commission expeditiously accept its notice of relinquishment of its ETC designation in Washington. T-Mobile has demonstrated that it meets the requirements for relinquishment of its ETC designation.

Dated this 1st day of September 2022.

Respectfully submitted,

T-Mobile West LLC
