It might be double the locations plus a return trip once my demo guy starts. ; I know there's gonna be much pipe in the way..

Johan, put in for the cut and cap off at the 4 locations.

Thank you,

Steve Andro

Steve of Cosco Fire – following our discussion from earlier in the week; below reference pics. Seeking to cut/cap any sprinkler “drops” that is feeding to underneath machinery and platforms, as all will be demo’d (by others) around Thanksgiving.

Timing for sprinkler cut/cap work is week of Nov14th.

Please also plan on at least 2 more trips to site for additional cut/caps unforeseen after main demo contractor is on site (late Nov, early Dec)

Call with questions,  
Johan  
516-661-9808
