RE: Docket UE-22 _____—Affiliated Interest Filing—PacifiCorp and MidAmerican Energy Company

Under the provisions of RCW 80.16.020 and in accordance with WAC 480-100-245, PacifiCorp dba Pacific Power & Light Company (PacifiCorp), provides notice of an affiliated interest transaction with MidAmerican Energy Company (MEC) to enter into an agreement (the “Agreement”) through which PacifiCorp will purchase from MEC a used TransBanker® mobile training unit for power distribution systems. The TransBanker® training unit is needed by PacifiCorp for training line employees throughout its service area. The sale will be realized through a sales contract. A verified copy of that contract is included with this notice as Attachment A.

PacifiCorp is a wholly owned, indirect subsidiary of Berkshire Hathaway Energy Company (BHE). MEC is also a wholly owned, indirect subsidiary of BHE. RCW 80.16.020 includes in its definition of “affiliated interest,” “every corporation five percent or more of whose voting securities are owned by any person or corporation owning five percent or more of the voting securities of such public service company or by any person or corporation in any such chain of successive ownership of five percent or more of voting securities.” Therefore, BHE’s ownership interest in both companies creates an affiliated interest between PacifiCorp and MEC.

The value of the used TransBanker® training unit that is to be purchased by PacifiCorp under the Agreement is \$275,716.45. This is the book value of the item and fairly reflects its cost. MEC was able to provide this mobile training unit at the best cost and terms when compared to other options on the market. Thus, the use of MEC as supplier of the TransBanker® training unit under the Agreement is in the public interest.

Also included with this filing is a signed verification regarding the Agreement from Curtis B. Mansfield, Senior Vice President, Power Delivery, PacifiCorp.
