SCHEDULE IV

2023 Disconnection of water service during extreme heat

In accordance with Engrossed Substitute House Bill 1329 (ESHB 1329) The Oak Park Water Co., Inc. will not disconnect any residential customer (including residents of metered apartment buildings and mobile homes) for nonpayment when the National Weather Service has issued, or has announced it intends to issue a heat-related alert such as an excessive heat warning, a heat advisory, an excessive heat watch, or similar alert for the area in which the residential user's address is located.

In the event the National Weather Service (NWS) issues or intends to issue a heat-related alert in your area, and your water service has been disconnected due to non-payment, you can request reconnection by contacting us at 360-427-0678. Upon receipt of such a request, The Oak Park Water Co., Inc. will promptly make a reasonable attempt to restore your water service. Your water service will remain active for the duration of the heat-related alert.

SCHEDULE IV

Continuation of 2023 Disconnection of water service during extreme heat

(a) A repayment plan required under this section will be designed to pay the past due balance by the following May 15th or as soon as possible after May 15th, to maintain monthly payments that are no greater than six percent of the customer's monthly income, and to pay for continued utility service.

(b) The repayment plan must not require monthly payments more than six percent of the customer's monthly income. Nothing prohibits the customer from paying more than six percent if the customer chooses to do so.

(c) A customer will not be considered in default of the repayment plan unless payment during this period is less than six percent of the customer's monthly income. (d) If assistance payments are received by the customer after implementation of the repayment plan, the customer must contact the company to recalculate the repayment plan.
