Re: LSN (Less Than Statutory Notice) Request of Murrey's Disposal Company, Inc. dba Olympic Disposal, G-9
for Exemption under WAC 480-07-110

Dear Ms. Hunter:

Enclosed please find a brief LSN request to allow the general rate case filing of Olympic Disposal filed concurrently today pursuant to Order 02 to be considered and reviewed without the customer notice letter specified by WAC 480-70-271.

This request is prompted as a result of the notice regarding the Office of Attorney General's interpretation of the 45 day filing requirement for general rate cases for solid waste collection companies and seeks to better align the accuracy and specificity of the customer notice letter which cannot be transmitted for commercial printing and disseminated until final reconciliation of rate spread and additional calculations are performed.

We anticipate those final reconciliations to be resolved within the next ten days and intend to fully meet the 30-day customer notice requirement of WAC 480-70-271 if this LSN request is granted. Should you have any further questions regarding the LSN and request for exemption from rule, please do not hesitate to contact the undersigned or David Wiley.

Thank you for your attention to this matter. If you have any questions regarding this filing, please contact me at (360) 448-6954, or at brian.vandenburg@wasteconnections.com.

Sincerely,

Brian Vandenburg
