RE: 2025 Integrated Resource Plan Work Plan Compliance with WAC 480-90-238 and WAC 480-100-625, Dockets UE-_____ and UG-_____

Dear Executive Director Hunter:

Attached please find Puget Sound Energy's ("PSE") Work Plan for its 2025 Gas and Electric Integrated Resource Plan ("IRP"). It is filed pursuant to the Washington Utilities and Transportation Commission IRP rules under WAC 480-90-238(4) and WAC 480-100-625(2). The Work Plan includes a description of PSE's public participation plan, summary of methods for assessing resources, and an outline of IRP content.

As described in the work plan, PSE anticipates filing an update to this work plan no later than December 2023. This will allow time for PSE to convene a new Resource Planning Advisory Group and engage them and customers in conversations related to our approach and timeline. If you have any questions regarding the filing, please contact Kara Durbin at (425) 456-2377. If you have any other questions, please contact me.

Sincerely,

/s/ Wendy Gerlitz
