BACKGROUND

- 1 On [DATE], Avista Corporation (Avista or Company) filed with the Washington Utilities and Transportation Commission (Commission) a statement of a planned securities issuance and application (Application) for an order affirming that the Company’s filing has complied with RCW 80.08.040. In its application, Avista proposes to issue up to \$300,000,000 of Debt Securities through either public offering or private for purposes permitted by and under the authority of RCW 80.08.030. The application is filed pursuant to RCW 80.08.040.
- 2 The requested authority to issue Debt Securities is in addition to the authority previously granted by the Washington Utilities and Transportation Commission for the issuance of debt securities under Order No. 01, entered February 10, 2022, in Docket No. U-210944, of which \$60,000,000 remains available for issuance, for a total of \$360,000,000.
- 3 Avista filed with its Application: (1) a certification by an authorized officer that the proceeds will be used for one or more purposes allowed by RCW 80.08.030; (2) a description of the proposed issuance, including the terms of financing; and (3) a statement as to why the proposed sale of securities is in the public interest.
- 4 Commission staff (Staff) reviewed the Company’s Application and determined that it meets the requirements set out in RCW 80.08.040. Accordingly, Staff recommends the

Commission grant the Company's Application and issue an order finding that the Company has complied with RCW 80.08.040.

DISCUSSION

5 We agree with Staff and grant Avista's Application for an order finding that its planned stock issuance complies with RCW 80.08.040. The statute requires that a regulated utility, prior to issuing a security, must file with the Commission:

- a. A description of the purposes for which the issuance is made, including a certification by an officer authorized to do so, that the proceeds from any such financing is for one or more of the purposes allowed by RCW 80.08.030;
- b. A description of the proposed issuance, including the terms of financing; and
- c. A statement as to why the transaction is in the public interest.

6 RCW 80.08.040 further provides that any utility that makes such a filing may request the Commission to enter a written order establishing that the utility has complied with the requirements set out above. The statute requires the Commission to enter such an order when the utility has provided all information and statements as required.

7 We agree with Staff and find that Avista has satisfied the statutory requirements. The Application includes a description of the purposes for which the issuance is made, including a certification by an authorized officer that the proceeds will be used for one or more purposes allowed by RCW 80.08.030; a description of the proposed issuance, including the terms of the financing; and a statement as to why the proposed issuance is in the public interest. Accordingly, we grant the Company's Application.
