RE: Tariff Item 240 Filing for Tariff Number 8, Pellegrini, Robert J. d/b/a Upper/Okanogan Valley Disposal G-21; Addition of 3-Yard Service Rates, Filing under WAC 480-70-262(2).

Dear Mr. Killip:

Our Company recently purchased several 3-yard containers and requests to add rates for this service under Item 240, page 30. Although no customers are currently requesting this service, the Company is expecting increased demand for container service during the upcoming summer months and plans to use the 3-yard container service to meet this increased demand.

Additionally, upon calculating the 3-yard rates, we found the 4-yard temporary monthly rent rate to be disproportionate with the 2 and 6-yard temporary monthly rent rates. Although we are not aware of how the original 4-yard temporary monthly rent rate was determined, it appears there was a historical calculation error that we have now corrected as part of this filing. There are currently no customers utilizing this service.

Supporting calculations for both tariff revisions are submitted with this filing.

We submit this filing pursuant to WAC 480-70-262(2), Tariffs Requiring Seven-Day Notice to the Commission. If approved the new service option will go into effect July 8, 2014.

If you have any questions regarding this filing, please contact me at (360) 903-6333 or via email at Heather.Garland@PacFinancial.Net.

Sincerely,

Heather Garland
