Subject: Waste Management–South Sound and Waste Management - Seattle, divisions of Waste Management of Washington, Inc. (G-237);
Tariff # 24

Enclosed are revised pages 2, 24 to the above referenced tariff. The purpose of these revisions is to standardize yard waste service offerings across King County between our two tariffed areas that provide service to King County customers. We are seeking to offer yard debris service year-round in this tariff, which is currently the case in our North Sound and Marysville tariff that provides service to North King County. We currently provide service to 11,200 customers with yard debris service within this area on a subscription basis.

If you have any questions or need additional information, please contact me at (503) 956-8594.

Very truly yours,

A handwritten signature in cursive script that reads "Evan Burmester".
