**Re: Advice No. 2025-33
PSE's Electric Tariff Filing – Filed Electronically**

Dear Executive Director Killip:

Pursuant to RCW 80.28.060 and Chapter 480-80 WAC, Puget Sound Energy ("PSE") hereby submits for filing with the Washington Utilities and Transportation Commission ("Commission") the following proposed revisions to the WN U-60, Tariff G for electric service of PSE:

**1st Revision of Sheet No. 558-B Schedule 558 General Service for Electric Vehicle Fleet
Charging (Continued)**

The purpose of this filing is to propose revisions that clarify the blocking for the Monthly Rate Groups under the Energy Only Pricing Option and the Demand Only Pricing Option, thereby aligning the tariff language with the technical specifications of PSE's billing system and capabilities, ensuring accurate and efficient rate application.

These proposed tariff schedule revisions do not affect any existing customers as PSE currently does not have any enrolled Schedule 558 customers.

The tariff sheets described herein reflect an issue date of August 5, 2025, and an effective date of September 4, 2025. Posting of the proposed tariff changes, as required by law and the Commission's rules and regulations, is being completed in accordance with WAC 480-100-193(1). No additional public notice is required under the provisions of WAC 480-100-194 or -195 as the proposed changes do not increase existing charges or restrict access to services.
