SCHEDULE 195

OPTIONAL RENEWABLE NATURAL GAS – WASHINGTON

AVAILABLE:

To Customers in the State of Washington where the Company has natural gas service. Customers may participate in one or more available Renewable Natural Gas program options.

APPLICABLE:

To all customers receiving natural gas service who agree to participate in a program option under this schedule.

PROGRAM OPTIONS AND CHARGES:

Low carbon energy program options available to customers will utilize the types of qualifying Renewable natural gas and renewable hydrogen or other qualifying resources as defined in RCW 54.04.190. The initial program option available will be as follows:

Renewable Natural Gas - One (1) block includes the environmental equivalent attributes associated with 2 therms of renewable natural gas. Each block is priced at \$5.00 per block, per month.

(C)

All program charges are included in the price of the block and shall be in addition to all other charges contained in the customer's applicable tariff schedule.

MONTHLY BILLING:

Renewable Natural Gas - The monthly billing shall be reflective of the number of Renewable Natural Gas block(s) the customer has agreed to purchase multiplied by the Charge per Block. The Monthly Billing is in addition to all other charges contained in customer's applicable tariff schedule.

This schedule's Monthly Billing shall be applied to the customer's billing regardless of actual energy consumption.
