## PUGET SOUND ENERGY Natural Gas Tariff

# SCHEDULE 171 OPTIONAL NON-COMMUNICATING METER SERVICE SECTION 1 - AVAILABILITY: 1. Throughout the territory served by the Company, at the request of a Customer served under Schedule 23 who resides in a single-family detached dwelling or a multi-plex residence up to

- Schedule 23 who resides in a single-family detached dwelling or a multi-plex residence up to four units. For each eligible meter requested, the Company may provide Gas Service through a non-communicating meter as a substitute for a meter with Advanced Metering Infrastructure ("AMI") module. The requesting Customer must meet the requirements and responsibilities for service outlined in this tariff schedule.
- 2. The optional service under this Schedule will be available six months after the initial effective date of this Schedule.

# SECTION 2 - TERMS AND CONDITIONS:

- The Company will initiate the process to provide non-communicating meter service after it has received the Customer's signed, written request in the form set forth in Attachment A to this Schedule, Non-Communicating Metering Service Request ("Service Request") form. More detail regarding the timing of the Service Request is noted in Section 3.
- 2. Customer will be required to pay the ongoing administrative and operational costs associated with the manual reading of the non-communicating meter, and other fees and charges associated with the non-communicating metering service that may be assessed for each eligible meter, as noted in Section 4.
- 3. Customer may be required to pay a One-Time Charge associated with the initial installation, as specified in Section 3, which sets forth situations in which the Customer would be required to pay the One-Time Charge. The One-Time Charge is noted in Section 4.
- 4. Customer may request the Company discontinue the non-communicating meter service at any time as provided below:
  - a. Customer notice of such discontinuance must be given at the office of the Company at least three days prior to the date of such change, and such notice shall be effective to terminate any obligation of the Company to render service to that Customer after the date of such change. The outgoing Customer shall be held responsible for all service supplied at that premises until such notice has been received by the Company, except that service which is the responsibility of a subsequent Customer.

### PUGET SOUND ENERGY Natural Gas Tariff

	SCHEDULE 171	(N)
	OPTIONAL NON-COMMUNICATING METER SERVICE (CONTINUED)	
SE	CTION 2 -TERMS AND CONDITIONS: (Continued)	
4.		
	b. A Customer may designate a third party to receive notice of termination or other matters	
	affecting the provision of service. When the Company discovers that a Customer appears	
	to be unable to comprehend the impact of a termination of service, the Company shall	
	consider an appropriate social agency to be the third party. In either case, the Company	
	will not effect termination of service until five business days after provision of notice to the	
	third party.	
5.	The Company may offer non-communicating meter service through a non-communicating meter that meets applicable meter accuracy standards.	
6.	Customer accounts with a non-communicating meter will be billed bi-monthly, based upon	
	actual or estimated bi-monthly reads, along with other services provided by the Company at	
	the service address, including electric services.	
7.	The Company is under no obligation to read the meter more frequently than once every two	
	months.	
8.	The Company may refuse or revoke the installation of a non-communicating meter at the	
	Customer's premises for reasons including but not limited to the following conditions:	
	a. no meter reading for four consecutive calendar months due to any events occurring	
	outside of the Company's control or when safe access is not available for the Company's	
	personnel and standard equipment;	
	b. current or past incidents of Customer meter tampering;	
	c. current or past incidents of Customer impeding the Company's access to meter to obtain	
	meter reads, perform maintenance or to disconnect meter for non-payment of Gas	
	Service; or d. current or past incidents of service at the premises having been disconnected for non-	
	payment (electric and/or natural gas accounts for communicating and/or non-	
	communicating meters) twice within a 12-month period.	
9.	The Company may temporarily (for a period of two weeks or less) replace a non-	
9.	communicating meter with a communicating AMI module for safety concerns or operational	
	reasons (e.g. to restore an outage). In the event such temporary replacement is required, the	
	Company will provide the Customer a notice at the time of the replacement.

of the AMI module will expire and the Company will install an AMI module at its own	!
convenience. The One-Time Charge will be applied relative to a Customer Request as	
follows:	
a. For Request received by the Company prior to the effective date of this tariff schedule,	
One-Time Charge is not applicable.	
b. For Request received by the Company after the effective date of this tariff schedule and	
prior to the installation of an AMI module at Customer premises, One-Time Charge is not	
applicable.	
c. For Request made by Customers at a point of delivery with an AMI module, One-Time	
Charge is applicable.	
SECTION 4 - CHARGES:	1
1. All payments for this optional service are in addition to other applicable Gas Service charges	1
and Rule No. 6 line extension charges. Customers taking service under this optional tariff	1
schedule will be charged the Additional Bi-Monthly Service Charge starting from the billing	1
cycle subsequent to the installation of the non-communicating meter. All charges are not	1
subject to proration or reduction.	1
a. Additional Bi-Monthly Service Charge every two months for each eligible meter: \$15 per	1
meter. This charge is subject to review by December 31, 2019.	1
b. One-Time Charge: \$70 for each meter, if applicable.	1
c. Additional Disconnection/Reconnection Charge: \$0 per event, if applicable.	1
d. Inaccessible Meter Charge when the Company is unable to gain access to the meter as a	1
result of Customer continued denial of access: \$25 per event, if applicable.	1
