Re: UT-083060 Verizon Northwest Inc. Proposed Wire Center Designation

Dear Mr. Denney:

Pursuant to the requests contained in the Comments of Integra and 360networks dated December 30, 2008 and Order 01 in the above referenced docket, attached is Verizon's confidential line count data for the Halls Lake wire center. This response is provided pursuant to the limitations described in Order 01, including the deletion of the names of carriers unaffiliated with your clients to protect the proprietary information of those other carriers. The data is confidential, and should be treated by the terms of the protective order entered into in Order 02. It may be reviewed only by those who have executed the Exhibit agreeing to be bound by the terms of the protective order.

Should you have any questions or concerns, please give me a call.

Sincerely,

Gregory M. Romano
