Targeted Engagement Efforts

As part of its efforts to strengthen positive relationships with the Tribal Nations within its serving territory while fulfilling new obligations set forth in Report and Order and Further Notice of Proposed Rulemaking, FCC 11-161, CenturyTel of Washington, Inc. d/b/a CenturyLink and CenturyTel of Inter-Island, Inc. d/b/a CenturyLink (“CenturyLink”) extended an invitation to the tribal entities to meet and address issues of importance related to the provisioning of services on tribal lands. The purpose of these meetings was to discuss planning and potential deployment of service as well as other areas of interest specific to conducting business on tribal lands (as set forth in 47 C.F.R. §54.313(a)(9)) which at a minimum, would include:

- (i) A needs assessment and deployment planning with a focus on tribal community anchor institutions;
- (ii) Feasibility and sustainability planning;
- (iii) Marketing services in a culturally sensitive manner;
- (iv) Rights of way processes, land use permitting, facilities siting, environmental and cultural preservation review processes; and
- (v) Compliance with tribal business and licensing requirements. Tribal business and licensing requirements include business practice licenses that tribal and non-tribal business entities, whether located on or off tribal lands, must obtain upon application to the relevant tribal government office or division to conduct any business or trade, or deliver any goods or services to the Tribes, tribal members, or tribal lands. These include certificates of public convenience and necessity, tribal business licenses, master licenses, and other related forms of tribal government licensure.

Correspondence Resulting from Engagement Efforts

PO Box 2196
Forks, Washington 98331

Dear Chairwoman Garrow:

CenturyLink values its ongoing relationship with the Hoh Indian Tribe and the opportunities we have had this year to work together to meet the needs of CenturyLink's customers located on Tribal lands. As we approach the end of another year, CenturyLink would like to extend an opportunity to meet to discuss additional issues that may be of interest to you regarding our services.

As part of the ongoing reform of the federal universal service support system by the Federal Communications Commission ("FCC"), the FCC now requires telecommunications carriers like CenturyLink to engage, at least annually, in discussions with the Tribal entities they serve. The FCC has advised that the following topics be discussed: (1) deployment planning with a focus on Tribal community anchor institutions; (2) feasibility and sustainability planning; (3) marketing services on Tribal lands; (4) rights-of-way processes, land use permitting, facilities siting, environmental and cultural preservation review process; and (5) Tribal business and licensing requirements.

Please review the recommended list of potential discussion items from the FCC guidance, and let us know if you desire to meet again this year. For your convenience, I am attaching a reply form and envelope to facilitate the return of your response. The reply provides the opportunity for you to identify the Tribal representatives that would attend the meeting as well as identify issues of interest to you regarding CenturyLink and the services we provide. Please respond at your earliest convenience so that we can get a meeting date scheduled. Karen Easter will coordinate the scheduling of our face-to-face meeting and work to identify additional CenturyLink personnel, as needed, to address your specific issues. She can be reached at 360.249.0552 or karen.easter@centurylink.com.

Please contact CenturyLink at 360.249.0550 or ross.skinner@centurylink with any questions you may have regarding this letter. We at CenturyLink look forward to meeting with the Hoh Indian Tribe and to continuing a strong relationship that is beneficial to all involved.

On November 16, 2012 CenturyLink sent a letter to the Spokane Tribe of Indians offering to meet with representatives of your Tribal Government/Council to mutually discuss areas of interest regarding CenturyLink's provision of services on your Tribal lands.

As we begin a new year, we would like to remind you of this opportunity to meet. For your convenience, attached is a reply form and pre-addressed return envelope to facilitate your response. The reply form provides the opportunity for you to identify a proposed date for our meeting, the Tribal representatives that would attend the meeting as well as identify issues of interest to you regarding CenturyLink and the services we provide. We also request that you inform us if you believe a meeting is not necessary.

Please contact my office at (509) 622-2800 or tom.novotney@centurylink.com with any questions you may have regarding this letter. We at CenturyLink look forward to hearing from the Spokane Tribe of Indians and to continuing a strong relationship that is beneficial to all involved.

Leonard Forsman, Chairman
Suquamish Indian Tribe
P.O. Box 498
Suquamish, Washington 98392-0498

Dear Chairman Forsman:

CenturyLink values its ongoing relationship with the Suquamish Indian Tribe and the opportunities we have had this year to work together to meet the needs of CenturyLink's customers located on Tribal lands. As we approach the end of another year, CenturyLink would like to extend an opportunity to meet to discuss additional issues that may be of interest to you regarding our services.

As part of the ongoing reform of the federal universal service support system by the Federal Communications Commission ("FCC"), the FCC now requires telecommunications carriers like CenturyLink to engage, at least annually, in discussions with the Tribal entities they serve. The FCC has advised that the following topics be discussed: (1) deployment planning with a focus on Tribal community anchor institutions; (2) feasibility and sustainability planning; (3) marketing services on Tribal lands; (4) rights-of-way processes, land use permitting, facilities siting, environmental and cultural preservation review process; and (5) Tribal business and licensing requirements.

Please review the recommended list of potential discussion items from the FCC guidance, and let us know if you desire to meet again this year. For your convenience, I am attaching a reply form and envelope to facilitate the return of your response. The reply provides the opportunity for you to identify the Tribal representatives that would attend the meeting as well as identify issues of interest to you regarding CenturyLink and the services we provide. Please respond at your earliest convenience so that we can get a meeting date scheduled. Karen Easter will coordinate the scheduling of our face-to-face meeting and work to identify additional CenturyLink personnel, as needed, to address your specific issues. She can be reached at 360.249.0552 or karen.easter@centurylink.com.

Please contact CenturyLink at 360.249.0550 or ross.skinner@centurylink.com with any questions you may have regarding this letter. We at CenturyLink look forward to meeting with the Suquamish Indian Tribe and to continuing a strong relationship that is beneficial to all involved.

Thank you for your attention.

Sincerely,

Ross Skinner

<1210> Terms & Conditions of Voice Telephony Lifeline Plans

CenturyLink has over 100 local exchange carriers (LECs) that serve as eligible telecommunications carriers (ETCs) providing Lifeline discounts on local telephone service for qualifying low-income customers in thirty-seven states. Each LEC's local tariff contains the terms and conditions of voice telephony service plans generally available to CenturyLink residential customers. Lifeline provides discounts on CenturyLink residential service plans that include voice telephony service. Lifeline discounts provided to qualified recipients include the \$9.25 per month federal discount plus state discounts, if available. Tribal Lifeline recipients receive an additional federal Lifeline discount of up to \$25 per month. Eligible residents residing on Tribal lands in areas where CenturyLink receives universal service high-cost support can also receive a Tribal Link Up credit of not more than \$100 against one customary service initiation fee at a primary residence.

CenturyLink's flat-rated residential service plans provide unlimited local calling. Lifeline discounts also may be applied to local residential service plans that include a certain amount of local minutes or calls at a flat-rate and then have additional charges for minutes or calls beyond those included in the plan. Lifeline discounts may be applied to bundled service packages that include voice telephony services, such as bundles with internet service and/or video service. Lifeline discounts may also apply to voice service plans that include optional calling features such as caller ID, call waiting, and voicemail.

Toll service is available to customers receiving Lifeline discounts in the same manner that it is available to non-Lifeline customers. Toll limitation service is available to Lifeline customers at no charge.

Information concerning CenturyLink's Lifeline program can be found on our Lifeline web page at <http://www.centurylink.com/Pages/Support/LifeLine/>

A link to the CenturyLink tariff that includes the terms and conditions of this ETC's Lifeline offering is included in response to line 1220.

NOTES:

1. (112) – (118) The Federal Communications Commission in FCC DA 14-591 adopted May 1, 2014 waived the requirement that price cap recipients of frozen support or incremental support file five-year plans by July 1, 2014.
2. (220) Outages are reported using the criteria provided in 47 C.F.R. §54.313, which differs from the criteria in 47 C.F.R. §4.5 which is the basis for reporting outages to the Federal Communications Commission. Therefore, some outages may not have NORS numbers.
3. (300) – (310) CenturyLink is reporting any outstanding requests for voice service from 2013 that are unfulfilled at the time of this filing.
4. (320) – (330) CenturyLink is reporting any outstanding requests for broadband service from 2013 that are unfulfilled at the time of this filing.
5. (410 - 420) Complaints per 1,000 voice access lines are reported as complaints to any federal and/or state agencies.
6. (440 - 450) Complaints per 1,000 broadband customers are reported as complaints to any federal and/or state agencies.
7. (711) CenturyLink is reporting a-la-cart and data only broadband rates that meet or exceed both the required download speeds of four mega bits per second and upload speeds of one mega bit per second. Widely used upload speeds of 768K or below are not included in this report.
8. (811) – (813) Per FCC DA 13-1707 released August 6, 2013, CenturyLink is reporting holding company, operating companies, affiliates (as defined under section 3 of the Communications Act of 1934, as amended, 47 U.S.C. § 153(2)) that are designated as eligible telecommunications carriers and/or that provide retail broadband internet access to end-user customers.
9. (921) – (929) To the extent the carrier serves federally recognized tribal lands, the attached narrative, in response to line 920, should be relied on to describe tribal outreach and interaction. If the carrier offered to discuss the points listed in 47 C.F.R. §54.313(a)(9) to at least a majority of federally recognized tribes served in a study area, lines 921-929 were marked with a “yes” response.
10. (1000) – (1010) Carriers must certify that their local rates are at or below two standard deviations of the applicable national average urban rate for voice service, as specified in the most recent public notice issued by the Wireline Competition Bureau and Wireless Telecommunications Bureau. Qwest Corporation d/b/a CenturyLink (Wyoming) and United Telephone Company of the West d/b/a CenturyLink (Wyoming) have certain exchanges with explicit cost based local rates above this standard. Customers in such exchanges receive a Federal Universal Service credit and/or a State Universal Service credit explicitly on their bill. This results in a net charge that is lower than two standard deviations of the applicable national average urban rate for voice service.

11. (2000), (2005), (2013), and (2016) Per FCC DA 13-2101 released October 30, 2013, CenturyLink is certifying at a holding company level.

12. (3000-3026) This is not applicable to this company as it is considered to be a Federal Price Cap Carrier or an affiliate associated with a Federal Price Cap Carrier for the purposes of this filing.
