RE: *In the Matter of the Petition of Skyline Telecom, Inc., Requesting Distribution of Funds from the State Universal Communications Services Program Created in RCW 80.36.650, Docket UT-190641*

TO ALL PARTIES:

On November 7, 2019, the Washington Utilities and Transportation Commission (Commission) entered Order 01, Granting Distribution of Funds from the State Universal Communications Services Program Subject to Conditions (Order 01) in the above-referenced docket. Order 01 approved distribution of \$117,007 from the state universal communications services program (State USF Program), half of which was to be distributed by December 31, 2019, and the other half would be distributed by March 31, 2020, subject to the condition that Skyline Telecom, Inc., (Skyline or Company) must submit a budget plan prior to disbursement of the second half.

On December 4, 2019, Skyline filed with the Commission its project budget (Budget).

On December 17, 2019, Staff filed a letter in this docket stating that Staff had reviewed the Budget and believes that it complies with the requirements of Order 01.

The Commission has reviewed the Budget, and finds that it complies with Order 01 and contains sufficient detail to justify release of the remaining \$58,503.50 approved for disbursement from the State USF Program.
