RE: Performance Metrics Report for 2025
Docket UE-230172 and UE-210852 (Consolidated)

Dear Jeff Killip:

On March 19, 2024, the Washington Utilities and Transportation Commission (Commission) entered Order 08 approving with conditions a multi-party settlement to resolve the 2022 general rate case filed by PacificCorp d/b/a Pacific Power & Light Company (PacifiCorp). Order 08, among other things, required PacifiCorp to submit a report each rate year of the multi-year rate plan approved by the settlement, including 13 metrics proposed by the settling parties and 14 additional metrics imposed by the Commission pursuant to RCW 80.28.425(7).¹

On April 30, 2025, PacifiCorp filed with the Commission its performance metrics report for the 2024 rate year, the second year of the rate Plan.

Commission Staff (Staff) reviewed the filing provided by PacifiCorp and believes that it complies with Order 08.

Sincerely,

Laura Henry
Regulatory Analyst
