My name is Guila Muir, and I live at 3724 38th Ave S, Seattle, WA. Today's date is Wednesday, January 17th. Here are my comments on PSE's Integrated Resource Plan.

I strongly oppose Puget Sound Energy's plan to build additional large high voltage transmission lines through Bellevue and neighboring cities. Power production **must move to 100% renewable energy sources now**, away from fossil fuels.

Thank you.

Guila Muir
