- 1 Administrative Law Judge Dennis J. Moss entered Order 09—Initial Order Approving and Adopting Settlement Agreement and Release in this docket on December 5, 2007.
- 2 All parties waived the right to seek administrative review. By this Notice, the commission notifies the parties that it will not seek review of the matter on its own motion and that under RCW 80.01.060(3), the Initial Order will become final on December 20, 2007, by operation by law.
- 3 In allowing the Initial Order to become final, the commission finds that the result is appropriate to the facts as found, but does not endorse the order’s reasoning and conclusions. If cited in the future, the order must be identified as an ALJ order and its weight, if any, will depend on the quality of the decision.

Sincerely,

CAROLE J. WASHBURN
Executive Secretary
