REOUEST:

Re: Capital Additions - Pro Forma

Staff understands that Avista will be closing its books for 2020 on or before February 15, 2021.

- a. **By February 22, 2021**, please provide the actual transfers to plant as of December 31, 2020, for the Expenditure Requests listed in Avista's Adjustments 3.11 through 3.19 for electric operations and Adjustments 3.11 through 3.18 for gas operations. Please clearly delineate between WA-electric and WA-gas amounts.
- b. Please provide updated workpapers for each pro forma plant adjustment.

RESPONSE:

The Company will provide this information in sub-parts related to each Pro Forma adjustments 3.11 - 3.19 as noted in the table below:

Detail information for each Pro Forma Adjustment (3.11-3.19):

The Company's Pro Forma Adjustments 3.11 - 3.19 have been updated below as follows (see detail workpapers included as attachments for changes in expense, net rate base, net income and revenue requirement from the Company's filed case):

a.) **PF Adj. 3.11 Customer at the Center** – has been updated to reflect actual 2020 transfers to plant, including retirements. The net impact of these updates to the Customer at the Center adjustment are as follows:

		Adjustn	ient	t 3.11 - C	uste	omer at t	he (Center

Expense	\$	1,838	\$	2,042	\$	204	\$	577	\$	588	\$	11

The impact of updating the 2020 capital additions in PF Adj. 3.11 Customer at the Center <u>increases</u> the Company's requested electric revenue requirement by approximately \$300,000 and <u>increases</u> the Company's requested natural gas revenue requirement by approximately \$18,000.

Please see Staff-DR-107 Supplemental 1 - 3.11 Attachment A for the workpapers that have been provided as support for these updates.

b.) **PF Adj. 3.12 Large Distinct Projects** – has been updated to reflect actual 2020 transfers to plant, including retirements. The net impact of these updates to the Large Distinct Projects adjustment are as follows:

The impact of updating the 2020 - 2022 capital additions in PF Adj. 3.18 EIM <u>increases</u> the Company's requested electric revenue requirement by approximately \$926,000.

Please see Staff-DR-107 Supplemental 1 - 3.18 Attachment A for the workpapers that have been provided as support for these updates.

i.) PF Adj. 3.19 Colstrip Additions/Amortization [REVISED 06/26/2021] - has been updated to reflect actual 2020 transfers to plant. In addition, the pro formed capital for 2021 has been revised to include only those projects that have been approved by the owners as of February 4, 2021. Also, the 2022 pro formed capital has been revised to include only one large project that Avista anticipates the owners will approve in 2021. The net impact of these updates to the Colstrip adjustment follows:
