**NOTICE CANCELLING HEARING**

Re: In the Matter of the Petition of William L. Stuth and Aqua Test, Inc., for a Declaratory Order, Docket No. A-050528

TO ALL PARTIES:

The prehearing conference order in this docket established a contingent hearing to be conducted on March 3, if both motions for dispositive rulings were denied. It now appears that the parties agree that a review of their pleadings and the written submissions will constitute the entire record in the docket and that no oral hearing is necessary. In addition, the time for completion of written submissions has been extended and would not permit entry of an order and preparation for hearing prior to the scheduled hearing date.

**Therefore, we are cancelling the hearing previously scheduled for March 3, 2006, in this docket.**

Sincerely,

C. ROBERT WALLIS  
Administrative Law Judge
