**NOTICE OF EXTENSION OF TIME TO FILE
PETITION FOR ADMINISTRATIVE REVIEW
(Due Monday, September 27, 2004)**

RE: *Glick v. Verizon Northwest Inc.*, Docket No. UT-040535

TO PARTIES OF RECORD:

On Tuesday, August 17, 2004, the Complainant submitted a letter to the Commission electronically, requesting a 30-day extension of time to file a petition for administrative review. The Complainant requests the extension in order to review documents he has requested from the Commission through a public records request.

On Friday, August 20, 2004, Verizon Northwest Inc. notified the Commission orally that it did not object to the Complainant's request. Verizon does not request an extension of the 10-day response period provided in WAC 480-07-825(4)(b).

The Complainant's request for a 30-day extension of time to file a petition for administrative review is granted. The Commission's procedural rule addressing petitions for administrative review, WAC 480-07-825(2), provides that the Commission may grant extensions of time to file petitions for administrative review for good cause. The Complainant's request to review public records and the time it may take to review those records demonstrates good cause to grant an extension of time. **A petition for administrative review in this proceeding must be filed with the Commission by Monday, September 27, 2004.**

Sincerely,

CAROLE J. WASHBURN
Executive Secretary
