*RE: Alder Lake Community Water System (ID#26995) Pierce County
Docket No. UW-060343, Iliad Water Service, Inc.*

Dear Ms. Clifford:

At the Washington Utilities and Transportation Commission's August 16, 2006 Open Meeting, the Commission set for hearing a proposed Iliad Water Service, Inc., tariff. The tariff revision would permit Iliad Water Service, Inc., to collect additional monies from its Alder Lake Community Water System customers to fund the installation of a chlorination system. Mr. Pell, a Department of Health staff person, indicated during the meeting that installation of the chlorination system may be required by Department of Health order in the near future.

On August 16, 2006, the Commission issued a Notice of Prehearing Conference. A copy of the Notice is enclosed for your information. The Notice establishes September 6, 2006, as the deadline for persons to file petitions to intervene. If you have questions regarding the appropriate procedure for filing a petition to intervene (or any other procedural questions) please contact the Administrative Law Judge assigned to this proceeding, Patricia Clark. Judge Clark may be reached at (360) 664-1136 or pclark@wutc.wa.gov.
