Re: CenturyLink's Notification in Accord with FCC Rule 54.312(c)(4) of Census Blocks in Which It Does Not Plan to Deploy Broadband, As Filed with the FCC in WC Docket No. 10-90, *In the Matter of Connect America Fund*

Dear Commission:

Enclosed with this correspondence is a copy of a letter filed June 2, 2017 by CenturyLink with the Federal Communications Commission (FCC) in WC Docket No. 10-90, *In the Matter of Connect America Fund*, regarding the above-referenced matter. Appended to the letter filed with the FCC is a list of census blocks that were removed from CenturyLink's Connect America Fund Phase I, Round 2 support deployment plans.

In compliance with 47 CFR 54.312(e)(4), also enclosed is the list of census blocks in Washington in which CenturyLink previously had identified locations to which we would deploy broadband service using Round 2 Support, but for which we now know we will not be deploying broadband service using that support. The list reflects the previously-identified Round 2-eligible census blocks to which CenturyLink did not deploy broadband using Round 2 support solely due to changes in CenturyLink's deployment plans. The list does not reflect census blocks that CenturyLink previously identified for Round 2 deployment but that were removed from Round 2 deployment due to challenge process determinations or assertions that the census blocks were already served. The final list of census blocks where CenturyLink deployed broadband using Round 2 support will be included with CenturyLink's Form 481 to be filed on or before July 3, 2017 with the Commission.
