Subject: Docket TR-170122, Petition by Whatcom County to install median barriers at a railroad crossing on Yacht Club Road, Whatcom County, USDOT 084796F

State Of WASH.
UTIL. AND TRANSP.
COMMISSION

03/03/22 11:06

Received
Records Management

In Docket TR-170122, the Commission approved installation of median barriers at USDOT 084796F by Order 02, effective 05-10-2017. The Order, in §15(3) states:

Upon completion of the modifications authorized herein, the County must notify the Commission within 60 days. Acceptance of the changes is subject to inspection by Commission Staff, verifying that the crossing is in full compliance with applicable laws, regulations, and the conditions specified herein.

In the "Events and Actions" section of the docket, it notes, on August 9, 2017, "The median barriers have been installed at the crossing. Closing per email by Betty Young." However, the closing email is not posted to the docket. A review of Commission records shows that Rail Safety staff inspected the crossing on August 21, 2018. Records and photographs confirm installation of median barriers is complete and in compliance with Order 01 in TR-170046.

This matter is now closed.
