RE: Docket No. UG-911261

Dear Mr. Curl:

Staff circulated a new draft of the proposed safety rules for comment by June 9. For various reasons, we were unable to file this letter yesterday with the Commission.

WNG has no comments on the new draft. We have already stated our position in some detail. However, we do appreciate Staff's willingness to consider additional comments by WNG and the other affected utilities.

Very truly yours,

James W. Gustafson
