WUTC Data Request 165

WUTC Data Request 165

Net Metering - In cross-answering testimony, Company witness Robert Meredith testified that “[i]n light of the parties’ comments and further review of the timing for the utility to reach the current cap in Schedule 135, PacifiCorp withdraws its proposal to modify Schedule 135 and implement Schedule 138 as its successor.” RMM-12T 36:4-6. Is it now the Company’s position that it will not be modifying Schedule 135 in any way? Rather, that Schedule 135 will continue in its current form?

Response to WUTC Data Request 165

Yes. The Company is now not recommending any changes to Schedule 135 in this general rate case (GRC) proceeding.
