They are not. I will get their information together and send it to you.

Thank you.

Andy,

Are they safety trained? If not I'll need their full names, first, middle and last. I will also need their day and month of birth no need for year. Lastly I will need an email address for each to receive the training course instruction. If they are already safety trained they can get a badge at the security gate.

Thanks,

Glenn

Glenn Ferguson

Subject: [EXTERNAL] Basin Disposal Badging

Hi Glenn,

I'm a new manager at Basin Disposal. Alan Cravens passed on your contact information to me to get a few of our roll off drivers badged for your site. What information will you need to start the process?

Thank you,

Andy
