Re: Docket No. UE-011595, Monthly Power Cost Deferral Report, November 2006

Dear Ms. Washburn:

Enclosed are an original and five copies of Avista Corporation's Power Cost Deferral Report for the month of November 2006. The report includes the monthly energy recovery mechanism (ERM) accounting journal together with backup workpapers. In November no deferral entry was made and net deferrals for 2006, excluding carrying costs, were zero at the end of November. In November the deadband balance increased from \$1,930,181 in the rebate direction at the beginning of the month to \$2,753,075 in the rebate direction at the end of the month.

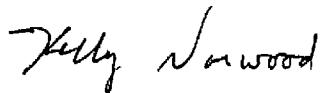

Actual power supply expenses were lower than authorized due primarily to higher hydro generation. Hydro generation was 102 aMW above the authorized level. The average market purchase price was \$57.02/MWh compared to an authorized rate of \$59.38/MWh. The average market sales price was \$56.37/MWh compared to an authorized sales price of \$57.63/MWh.

Due to economics, Coyote Springs 2 generated 38 aMW below the authorized level. Other gas-fired resources generated 5 aMW below the authorized level due to economics. Colstrip and Kettle Falls generated 15 aMW and 1 aMW above the authorized levels, respectively. Net transmission expense (transmission expense less transmission revenue) was above the authorized level. Washington retail sales were 36 aMW above the authorized level.

Enclosed is a forward long-term power contract that contains confidential, market-sensitive information. Avista and the counter-party to the agreement might be directly affected by disclosure of the confidential information. The first page of the contract and the pages containing confidential information have been marked with the designation "confidential per WAC 480-07-160." The unredacted version is being

filed under seal. Six copies of the unredacted version are being submitted in sealed envelopes, copied on yellow paper and identified as "Confidential Attachment A." Six copies of the redacted version are also being submitted. If you have any questions, please contact Bill Johnson at (509) 495-4046 or Ron McKenzie at (509) 495-4320.

Sincerely,

The District may, however, limit the return of such energy to seventy-five percent (75%) of the energy delivered to Avista Corp. within the previous twenty-four (24) hours. Upon the District's request, Avista Corp. will return up to fifty percent (50%) of such energy within twenty four (24) hours after delivery of the energy to Avista Corp.. Unless otherwise agreed, the balance will be returned within 168 hours after delivery to Avista Corp.. Unless otherwise agreed, the aggregate quantity of energy not returned within twenty-four (24) hours after delivery to Avista Corp. shall not exceed the product of twenty-four (24) hours and the Capacity made available to Avista Corp. pursuant to paragraphs 2.1 and 2.2 as of 2400 hours on any Saturday over the Term hereof. Notwithstanding the foregoing provisions, Avista Corp. will not have any obligation to return or pay for energy not scheduled by the District for return within 168 hours after delivery to Avista Corp.. Unless otherwise agreed by Avista Corp., the District shall not schedule the return of any energy during Heavy Load Hours or at a rate in excess of the sum of the demand levels specified in paragraph 2.1 and 2.2 for the month in which such energy is to be returned.

#### Section 4. Miscellaneous

4.1 Force Majeure. Neither party shall be liable to the other for, or be considered to be in breach of or default under this agreement on account of, any delay in performance of its obligations under this Agreement if such delay is due to any cause beyond the control of the party claiming force majeure, including but not restricted to: failure or threat of failure of facilities; flood; earthquake; geohydrolic subsidence; tornado; storm; fire; civil disturbances or disobedience; labor dispute; labor or material shortage; sabotage; restraint by court order or public authority (whether valid or invalid); action or non-action by or inability to obtain or keep the necessary authorizations or approvals from any governmental agency or authority; reductions or interruptions in services which, in a party's reasonable judgment, are necessary to protect generation or transmission facilities; curtailments or interruptions of third party transmission service which is being used for transmitting energy hereunder; and necessary maintenance, repairs, replacements or installations of equipment or the investigation of such equipment. Nothing contained herein shall be construed so as to require a party to settle any strike or labor dispute in which it may be involved. Either party rendered unable to fulfill any of its obligations under this Agreement by reason of force majeure shall give prompt written notice of such fact to the other party together with the particulars of the occurrence and shall exercise due diligence to remove its inability to perform with all reasonable dispatch.

4.2 Payment during Force Majeure. If, because of force majeure, either party is unable to fulfill its obligations under Sections 2.4 or 2.5 above, the Delivering Party shall immediately notify the Receiving Party of such interruption, the cause of the interruption, and the expected duration of such reduction or nondelivery, and at such time the District may suspend its obligation under section 2.4 to deliver Energy associated with Capacity to Avista Corp.. If, because of force majeure, the District is unable to deliver Energy and Capacity as provided in section 2.4, the District shall, at its option and upon written notice within 24 hours of the force majeure, deliver such Energy and Capacity as soon as practical thereafter to Avista Corp., or, adjust payments due under this agreement for such prorata Capacity and Energy not delivered. If, because of force majeure, Avista Corp. is unable to return any Energy to the District within 168 hours as required in section 2.5, Avista Corp.'s obligation to return any such outstanding balance of Energy to the District shall remain until satisfied.

4.3 Invalid Provision. If this Agreement is determined by any court or regulatory authority having jurisdiction to be invalid in whole or in part or to place either party in violation of other agreements to which either the District or Avista Corp. is a party, this Agreement may be canceled by either party giving the other party at least 30 days advance written notice of such cancellation. In the event of such cancellation, neither party shall have any claim of any nature whatsoever against the other on account of the cancellation; provided, however, that the right to receive payment for capacity delivered prior to cancellation will survive such cancellation.

4.4 Survival. The provisions of Section 3 and 4 of this Agreement (together with any other provisions which may reasonably be interpreted or construed to survive the expiration, termination or cancellation of this Agreement) shall survive the expiration, termination or cancellation of this Agreement.

4.5 Amendment. No change, modification or amendment of this Agreement shall be valid unless set forth in a written instrument signed by the Party to be bound thereby.

4.6 Assignment. Neither Party shall assign this Agreement without the prior written consent of the other Party. Subject to the foregoing restriction on assignment, this Agreement shall be binding upon, inure to the benefit of and be enforceable by the Parties and their successive successors and assigns.

4.7 No Third-Party Beneficiary. There are no third-party beneficiaries of this Agreement. This Agreement shall not confer any right or remedy upon any Person other than the parties and their respective successors and assigns permitted under paragraph 4.5. No action may be commenced or prosecuted against any party by any third party claiming as a third party beneficiary of this Agreement or the transactions contemplated hereby. This Agreement shall not release or discharge any obligation or liability of any third party to any party or give any third party any right of subrogation or action over or against any party.

4.8 No Dedication of Facilities. No undertaking by either party to the other party under any provision of this Agreement shall constitute a dedication of the electric system of such party (or any portion thereof) to the public or to the other party.

4.9 Governing Law. This Agreement shall be interpreted, construed and enforced in accordance with the laws of the State of Washington or the laws of the United States of America, whichever is applicable, as if executed and to be performed wholly within the State of Washington. Venue of any legal action arising out of this Agreement shall be exclusively in a court of competent jurisdiction of Douglas County, State of Washington, or U.S. District Court for the Eastern District of Washington. In the event that litigation or other proceedings arise in relation to this Agreement, the substantially prevailing party shall be entitled to recover all reasonable costs of suit, including but not limited to, reasonable attorney fees, lodging and meals, and travel.

4.10 Entire Agreement. This Agreement sets forth the entire agreement of the parties with regard to the purchases and sales of Capacity described herein. There exists no promises, terms or conditions with regard to such purchases and sales other than those contained herein; all prior communication and negotiations between the parties, either verbal or written, relating to the subject matter of this Agreement, not herein contained, are hereby withdrawn and annulled.

4.11 Binding Agreement. Each party warrants to the other that it has duly entered into this Agreement and that this Agreement constitutes the valid, legal and binding obligation of such party, enforceable strictly against such party in accordance with its terms. If any court or regulatory authority having jurisdiction determines that either party is in breach of this warranty, this Agreement may be canceled by either party giving the other party at least thirty (30) days advance written notice of such cancellation. In the event of such cancellation, neither party shall have any claim of any nature whatsoever against the other on account of this breach or cancellation; provided, however, that the right to receive payment for Capacity or Energy delivered prior to cancellation will survive such cancellation.
