DATA REQUESTS**

Request No: 28
Directed to: Judith Krebs
Date Received: August 21, 2006
Date Produced: September 6, 2006
Prepared by: Jim Lazar
Witnesses: Jim Lazar

WUTC STAFF DATA REQUEST NO. 28

Re: Witness Jim Lazar

Referring to page 26 of Mr. Lazar's direct testimony, please provide all Cascade studies that Mr. Lazar utilized that show which customers were added subject to the line extension policy and which customers were not. Please show all studies produced in the last five years. Please include:

1. Type of customer (ie: residential, small commercial, industrial, etc);
2. Date of hookup;
3. Cost to customer;
4. A map showing the location of customers added, subject to the line extension policy;
5. The mix of heating and non-heating customers added, subject to the line extension policy;
6. The percent of total customers added over the past 10 years who were subject to the line extension policy and paid for the line extension.

RESPONSE:

Mr. Lazar relied on Cascade's responses to Public Counsel Data Request Nos. 3 – 7 in preparing this portion of his testimony. The request for specialized studies would be better put to Cascade which may have some of the data required to perform the analysis requested.
