Dear Company:

In Docket TC-111928, the Utilities and Transportation Commission (Commission) granted you forbearance from rate and service regulation as an auto transportation company for specific route(s) as reflected in your filing in this docket.

A review of Commission records indicates that although the Commission granted forbearance, it did not issue your certificate to reflect that approval. To correct this oversight, Commission staff will reissue your certificate (CH-64474) to add the specific route(s) for which the Commission granted forbearance. The revised certificate will authorize the following operations.

Charter and Excursion Carrier Services in the state of Washington, limited to specific auto transportation services granted with forbearance from rate and service regulation under RCW 81.68.015 in Docket TC-111928, Order 01, as follows:

BETWEEN: Rural Kittitas County and various destinations to allow students and low-income, elderly and disabled citizens access to jobs, educational opportunities, medical facilities and recreation, including local transportation service in the Ellensburg area, door-to-door reservation service throughout Kittitas County and Yakima to Ellensburg commuter service.

If you have any questions, please contact Ms. Tina Leipski no later than Monday, Monday, January 6, 2014. Ms. Leipski can be reached at (360) 664-1170 or by email at tleipski@utc.wa.gov. Commission staff will send you a copy of your revised certificate in three to four weeks.

Sincerely,

Suzanne Stillwell
