- 1 On June 6, 2017, Waste Management of Washington, Inc. (Waste Management) and Rabanco, LTD d/b/a Sea-Tac Disposal (Rabanco) filed with the Washington Utilities and Transportation Commission (Commission), a joint application in Docket TG-170699 for temporary authority to transfer a portion of rights under Waste Management’s certificate of public convenience and necessity G-237 to Rabanco G-12. The companies also filed a joint application in this docket seeking permanent authority for the transfer (Application).
- 2 The City of Renton changed its solid waste collection service contract provider from Waste Management to Rabanco. As a result, a small portion of regulated territory in certificate G-237 comprised of 29 customers was cut off from the remainder of Waste Management’s service territory. No longer able to efficiently serve this area, Waste Management requests that the Commission transfer that portion of certificate G-237 to Rabanco, whose service territory is now contiguous with this area.
- 3 On July 12, 2017, the Commission entered Order 01 in Docket TG-170699 approving the application for temporary authority. The Commission posted that order as required under WAC 480-70-131(7) and (8) and received no comments.

**DISCUSSION AND DECISION**

- 4 The Commission finds that Rabanco is better able to serve the 29 customers at issue and that transferring the service area from Waste Management to Rabanco is in the public interest. No stakeholders oppose the transfer. The Commission, therefore, grants the

Application.

### FINDINGS AND CONCLUSIONS

- 5 (1) The Commission is an agency of the State of Washington, vested by statute with authority to regulate rates, rules, regulations, and practices of public service companies, including solid waste collection companies, and has jurisdiction over the parties and subject matter of this proceeding.
- 6 (2) Waste Management and Rabanco are solid waste collection companies subject to Commission regulation.
- 7 (3) Rabanco is better able to serve the portion of the service territory covered by certificate G-237 described in the Application than Waste Management as a result of the City of Renton changing its solid waste collection service contractor from Waste Management to Rabanco.
- 8 (4) Transferring the portion of the service territory covered by certificate G-237 described in the Application from Waste Management to Rabanco is consistent with the public interest, and the Commission should grant the Application.

- 9 (1) The Commission grants the application to transfer a portion of rights in certificate of public convenience and necessity G-237 from Waste Management of Washington, Inc. to Rabanco LTD d/b/a Sea-Tac Disposal as described in Appendices A and B.
- 10 (2) The Commission permanently reissues the rights to serve the transferred portion of certificate of public convenience and necessity G-237 to Rabanco LTD d/b/a Sea-Tac Disposal G-12 as described in Appendix A, under the rules and rates of existing Rabanco LTD Tariff No. 26.
- 11 (3) The Commission permanently amends certificate of public convenience and necessity G-237, held by Waste Management of Washington, Inc., to remove that portion of the certificate reissued to Rabanco LTD d/b/a Sea-Tac Disposal in this Order, as described in attached Appendix B.
