

February 28, 2006

Re: William Stuth and Aqua Test, Inc.
Petition for Declaratory Order, Docket No. A-050528

TO ALL PARTIES:

We have indicated to the parties that we want a complete record in this docket, with every opportunity afforded each party to provide information and argument to ensure the opportunity for a studied and well-founded decision.

To that end, Mr. Sterling is afforded the opportunity to respond to the Commission Staff filing of February 27. A response will be timely if received by March 10, 2006. If counsel believes circumstances to render that time insufficient, he may request an extension of time.

Sincerely,

C. ROBERT WALLIS
Administrative Law Judge
