TEP Data Request 036

TEP Data Request 036

COS/Rate Spread/Rate Design - Reference: Meredith, Exh. RMM-1T at 11:18-21 - Under PacifiCorp's proposal, will a customer with service to a mobile homes receive the basic charge for a customer in a single family home or a multi-family home?

Response to TEP Data Request 036

Please refer to direct testimony of Company witness, Robert M. Meredith, page 17. The Company proposes that a multi-family dwelling would be defined as "a building that contains three or more dwelling units". A mobile home would therefore receive a single family basic charge under the Company's proposal.
