To Whom It May Concern:

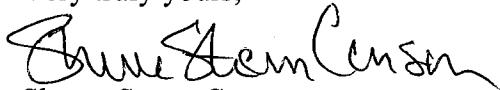

It has come to our attention that in the Puget Sound Energy, Inc. ("PSE") initial filing in the above-referenced dockets on May 8, 2009, a confidential page was inadvertently copied on white paper rather than yellow paper. Accordingly, please find the original and 19 copies of Exhibit No. ____ (RG-14C) to replace the copies of the exhibit filed last week. By courtesy copy below, this letter notifies all those who received a confidential copy of the exhibit and provides a replacement paper copy of the exhibit. (Note: This change has no effect on the electronic version of the exhibit.)

We are also providing a replacement CD-ROM of the public version of workpapers. The original workpapers provided on May 8th contained some incorrect information in the workpapers for Lorin Molander. Additionally, workpapers for Joey Henderson were inadvertently placed in the electronic folder for Tom Hunt. Please replace the original public version of the workpapers with this disk and, to avoid confusion, return the 3 copies of this disk provided in PSE's initial filing via the return overnight envelope provided for your convenience.
