Re: Dec 2021 emergency and non-emergency contact information
under WAC 480-120-414 for St. John Telephone, Inc.
Docket UT-072149

Dear Executive Director and Secretary:

Per Washington Utilities and Transportation Commission staff request by letter, dated November 1, 2021, St. John Telephone, Inc. ("Company") is submitting herewith its current contact information pursuant to WAC 480-120-414.

Because disaster response and recovery efforts could be impeded as a result of widespread dissemination of emergency contact information (as opposed to distribution of such information only to persons or entities in need of such information for disaster response and recovery purposes), the Company respectfully requests that the emergency and network operations center contact information that accompanies this letter not be disseminated to the general public and that it not be used or disclosed for other than disaster response and recovery purposes.

Sincerely,

A handwritten signature in blue ink, appearing to read "Eric Trump", is written over a light blue horizontal line.

Eric Trump
General Manager

Accompanying document: contact list
