RE: Your March 27, 2013 Letter Related to SeaTac's Shuttle's Authority

Gentlemen:

This letter responds to your March 27, 2013, letter regarding SeaTac Shuttle, LLC's (SeaTac or company) authority.

Your letter discusses the services you believe SeaTac's certificate allows you to provide. It is the opinion of the staff of the Washington Utilities and Transportation Commission (commission) that SeaTac's current authority authorizes door-to-door service between Whidbey Island and Bellingham International Airport. It does not authorize you to provide scheduled service. My letter dated March 13 describes the steps you need to take to add scheduled service to your certificate.

You also pose questions that suggest that somehow commission staff members are trying to take something away from the company – that is simply not the case. I agree that commission staff and you have made inadvertent missteps and that these have resulted in the company having door-to-door service only in its certificate.

I do not see any value in our continuing to discuss what did or didn't happen before or who did or did not do something – neither you nor I can change any of that. Commission staff members are ready and willing to help you with the necessary steps to amend the company's certificate as described in my earlier letter:

- If you have questions about the commission's rules and how these apply to your company, please contact Penny Ingram at 360-664-1242 or pingram@utc.wa.gov.
- If you have questions about the applications I recommended you file, please contact Tina Leipski at 360-664-1170 or tleipski@utc.wa.gov.
