AND
CANCELLING WORKSHOP**

RE: *Washington Utilities and Transportation Commission v. Puget Sound Energy, Inc.*, Docket UG-131589

TO INTERESTED PERSONS:

On November 14, 2013, the Washington Utilities and Transportation Commission (Commission) notified stakeholders of an opportunity to file comments by December 10, 2013, on revisions to Puget Sound Energy, Inc.'s (PSE) natural gas tariff to include an optional compressed natural gas (CNG) service for eligible, non-residential natural gas customers (Notice).¹ The Notice also scheduled a workshop in this matter for December 16, 2013.

The Commission withdraws the Notice and cancels the scheduled workshop. The Commission, however, will provide an opportunity for comments and reschedule a workshop in the near future.

¹ Under this schedule, PSE would install gas compression facilities located on the gas customer's premise to enable a customer to fuel its natural gas motor vehicles with CNG.
