Subject: Re: Avista's comments on rulemaking 

Bruce, in Avista's comments regarding 480-90/100-071, Discontinuance/Disconnection of Service, it states that the billing and customer accounting information system would need to be redesigned at a minimum cost of \$5,000,000 and the Company would incur additional annual operating costs estimated at \$900,000 per year. Could you please provide us with additional data and information supporting these two estimates so that we can evaluate these cost estimates and possibly find alternative solutions. A quick response would be most appreciated.

Subject: Avista's comments on rulemaking

Attached are electronic copies of Avista's comments in the electric and natural gas operational rulemaking.

If you have any questions, please call me at 509-495-8706.

(Copies of each have been faxed to the Record Center. The original plus 10 copies went out this afternoon by overnight mail.)
