

## **Description of Carrier's Local Usage Plan-- Competitive Eligible Telecommunications Carrier (CETC) Only**

*ETCs must submit information describing the terms and conditions of any voice telephony service plans offered to Lifeline and ITSAP subscribers, including details on the number of minutes provided as part of the plan, additional charges, if any, for toll calls, and rates for each such plan. To the extent the ETC offers plans to Lifeline subscribers that are generally available to the public, it may provide summary information regarding such plans, such as a link to a public website outlining the terms and conditions of such plan. C.F.R. § 54.202(a)(5).*

A “local usage plan” that is comparable to an ILEC is difficult for a cellular provider since the ILEC customer generally does not have toll included in their calling plan, does not have the vast territory providing local service and cannot take their phone on the road. With that said, Inland Cellular’s least cost post-pay plan requiring a two year contract is \$29.99 per month. This calling plan includes unlimited incoming and outgoing calls in the Home Network and voicemail. Nationwide long distance on the Home Network is no additional charge; Nationwide roaming is at \$0.35 per minute, Nationwide text messaging is \$0.20 per message and Nationwide data service is at \$1.99/MB. The voice calling plan is similar to a wireline customer that can call his neighbor within the same exchange except an Inland Cellular customer has the ability to call another Inland Cellular customer in a much larger calling area (within Washington RSA 5 (B2)(WA), Washington RSA 8 (B)(WA), South Idaho RSA 1 (B2)(ID) and Idaho RSA 2 (B2)(ID) – the Home Network).

An alternative to a long-term commitment is pre-pay service. For \$30 per month, the subscriber receives unlimited home calling area minutes, unlimited SMS and MMS, and \$.20 per minute for long distance and roaming. If the subscriber does not want to pay for long distance or roaming, for \$35 per month, the subscriber receives unlimited home, unlimited 50 state calling and unlimited SMS/MMS. Further information can be obtained at [www.inlandcellular.com](http://www.inlandcellular.com).
