Graciela:

At the last workshop, you asked me if California should be considered for inclusion in the rule regarding amount of time that should be allowed for out of area mailings.

Thank you very much for considering our suggestion that Sacramento be considered.

I've spoken with our experts and we are not, at this point, looking at Sacramento as a potential site from which to mail bills.

So please do not include California on the list, at least from our perspective.

Again, thank you for giving us the opportunity to get back to you on this.

Bruce
