

Good morning.

You may close docket UT-051509. Below is the authorization from the AGs office to write-off the penalty assessment. I've also included here the memo requesting the action.

Thanks,
Sheri

Subject: Marathon Communications, Inc. penalty
assessment

I concur with your opinion that the \$16,300 penalty assessment against Marathon Communications, Inc. should be written off in light of the fact that the commission has granted the company's request to cease doing business in this State.
