**Re: UT-143013 CenturyTel of Washington, Inc. and CenturyTel of
Inter Island, Inc.
2014 Federal ETC Filing of FCC Form 481 and Rate Floor
Data**

Dear Mr. King:

On November 18, 2011 the Federal Communications Commission (“FCC”) released its *USF/ICC Transformation Order* in WC Docket No. 10-90 et al. With that Order, the FCC began a transition to a national framework for certification of Eligible Telecommunications Carriers (“ETCs”) and set forth a standard set of information that all ETCs must file with the FCC by July 1st of each year. The Order also required ETCs to provide the same information to the respective state commissions.

The annual ETC reporting requirements are contained in 47 C.F.R. § 54.313 of the FCC’s rules. For the reporting of the data and certifications required by 47 C.F.R. § 54.313 and 54.422, the FCC has developed a reporting template, Form 481, to be utilized by ETCs.

In addition, ETCs with voice service rates that are below the rate floor as specified by the FCC¹ must file separately by July 1 the voice rate information required by 47 C.F.R. § 54.313(h).

Attached is a complete copy of the Form 481 and the voice rate information for CenturyTel of Washington, Inc. d/b/a CenturyLink and CenturyTel of Inter-Island, Inc. d/b/a CenturyLink (combined) as filed with the FCC. CenturyLink is filing public and confidential versions of the FCC Form 481 and the rate floor data. The access line data provided in response to 47 C.F.R. § 54.313(h) is confidential. In addition, the outage information and certain Tribal engagement information that is customer or company proprietary information provided in response to § 54.313 (a) (2) and (9) in the Form 481 also is confidential. Finally, the detailed broadband speed availability information at the exchange level provided in response to 54.313(a)(7) is confidential. CenturyLink filed the above described information confidentially with the FCC and requests this information be treated as such in Washington.

¹ Only ETCs that receive Federal High Cost Loop or High Cost Model Support are required to report residential basic rates below the rate floor.

Consistent with past years, we request that you certify to the FCC pursuant to 47 C.F.R § 54.314 by October 1, 2014 in order for CenturyLink to continue receiving Federal high cost support in Washington.

Please do not hesitate to contact me should you have any questions regarding this filing.

Sincerely,

Mark Reynolds
