---

My name is Kathleen LeTellier and I am a ratepayer/customer of Avista. I am writing to express my concern regarding their dependency upon coal from Colstrip for power generation and hope to see them use clean energy sources. I am sickened every month when I pay this bill, knowing my \$\$ support this third greatest greenhouse gas emitter in the United States.

Respectfully Submitted on 10/22/2017,  
Kathleen LeTellier
