RE: **Docket No. UE-051090**
Compliance Filing Pursuant to Commitment 49 of Stipulation Appendix A,
Consolidated List of Commitments

Dear Mr. Danner:

MidAmerican Energy Holdings Company ("MEHC") and PacifiCorp submit to the Washington Utilities & Transportation Commission ("Commission") an original and twelve (12) copies of PacifiCorp's Annual Report of Status of Commitments ("Status Report"). This Status Report is being provided to meet General Commitment 49, pursuant to Order 07 issued in Docket UE-051090 granting approval of the acquisition of PacifiCorp by MidAmerican Energy Holdings Company, issued March 10, 2006, in the referenced proceeding.

The Commission approved the acquisition of PacifiCorp by MEHC, subject to a Consolidated List of Commitments specified in a settlement agreement supported by all parties to the proceeding. Included in this consolidated list is MEHC's and PacifiCorp's commitment regarding the filing of the enclosed Status Report. The commitment states:

49) Reporting on Status of Commitments:

By June 1, 2007 and each June 1 thereafter through June 1, 2011, PacifiCorp will file a report with the Commission regarding the implementation of the Commitments. The report will, at a minimum, provide a description of the performance of each of the commitments that have quantifiable results. If any of the commitments is not being met, relative to the specific terms of the commitment, the report shall provide proposed corrective measures and target dates for completion of such measures. PacifiCorp will make publicly available at the Commission non-confidential portions of the report.

MEHC and PacifiCorp take the acquisition commitments very seriously. Fulfillment of the commitments in a thorough and timely manner is one of our highest priorities. The commitments are monitored for progress and compliance on a routine basis with status reporting provided to senior management.

You will note on the enclosed Status Report that the status of the commitments have been identified as "ongoing compliance" or "complete." Many of those commitments identified as "ongoing compliance" are of an on-going nature and do not have an expiration or completion date. For those commitments PacifiCorp has developed policies, procedures, or processes to ensure compliance as part of the Company's daily operations. Other commitments that are identified as "ongoing compliance" are project-related and the status will be reported as "complete" once the project has been completed. To date, 98 commitments across PacifiCorp's six-states have been completed. Of these 98 completed commitments, 7 are applicable to Washington and have been noted as "complete" on the Status Report.

By copy of this letter, other parties to the proceeding are being provided notice of this filing.

It is respectfully requested that all formal correspondence and Staff requests regarding this filing be address to the following:

**MidAmerican Energy Holdings Company and PacifiCorp
Annual Report of Status of Commitments
To the Washington Utilities and Transportation Commission
For the Period April 1, 2008 through March 31, 2009**

GENERAL COMMITMENTS

General Commitment Number	Commitment Description	Status	Status Description
1	MEHC and PacifiCorp affirm the continuation (through March 31, 2008) of the existing customer service guarantees and performance standards in each jurisdiction. MEHC and PacifiCorp will not propose modifications to the guarantees and standards prior to March 31, 2008. Refer to Commitment 45 for the extension of this commitment through 2011.	COMPLETE	COMPLETE - effective March 31, 2008.
2	Penalties for noncompliance with performance standards and customer guarantees shall be paid as designated by the Commission and shall be excluded from results of operations. PacifiCorp will abide by the Commission's decision regarding payments.	Ongoing Compliance	Customer guarantee failure payments are made directly to customers as agreed by commission and are excluded from results of operations.
3	PacifiCorp will maintain its own accounting system, separate from MEHC's accounting system. All PacifiCorp financial books and records will be kept in Portland, Oregon. PacifiCorp's financial books and records and state and federal utility regulatory filings and documents will continue to be available to the Commission, upon request, at PacifiCorp's offices in Portland, Oregon, Salt Lake City, Utah, and elsewhere in accordance with current practice.	Ongoing Compliance	No additional steps required at the PacifiCorp level. The Company maintains its own SAP accounting system, which is separate from MEHC's systems.
4	MEHC and PacifiCorp will provide the Commission access to all books of account, as well as all documents, data, and records of their affiliated interests, which pertain to transactions between PacifiCorp and its affiliated interests or which are otherwise relevant to the business of PacifiCorp. This commitment is also applicable to the books and records of Berkshire Hathaway, which shall retain its books and records relevant to the business of PacifiCorp consistent with the manner and time periods of the Federal Energy Regulatory Commission's record retention requirements that are applicable to PacifiCorp's books and records.	Ongoing Compliance	No additional steps required at the PacifiCorp level. The Company complies with the FERC's record retention requirement.
5	MEHC, PacifiCorp and all affiliates will make their employees, officers, directors, and agents available to testify before the Commission to provide information relevant to matters within the jurisdiction of the Commission.	Ongoing Compliance	Agreed per signed stipulation.
6	The Commission or its agents may audit the accounting records of MEHC and its subsidiaries that are the bases for charges to PacifiCorp, to determine the reasonableness of allocation factors used by MEHC to assign costs to PacifiCorp and amounts subject to allocation or direct charges. MEHC agrees to cooperate fully with such Commission audits.	Ongoing Compliance	The general ledger of MEHC and the ledger of each subsidiary reflect and track all intercompany activity (both direct charges and allocations) and are supported with detail transactions (journal entry, positive time reporting, vouchers, etc.) MEHC and subsidiaries maintain support files for allocation factors supporting inter-company billings. MEHC and subsidiaries' general ledgers reflect all inter-company transactions as required by the IASA.
7	MEHC and PacifiCorp will comply with all applicable Commission statutes and regulations regarding affiliated interest transactions, including timely filing of applications and reports.	Ongoing Compliance	Agreed per signed stipulation. See also General Commitments 8 and 13.

General Commitment Number	Commitment Description	Status	Status Description
8	PacifiCorp will file on an annual basis an affiliated interest report including an organization chart, narrative description of each affiliate, revenue for each affiliate and transactions with each affiliate.	Ongoing Compliance	The Affiliated Interest Report for 2007 was filed May 30, 2008. The 2008 report will be filed in May 2009.
9	PacifiCorp and MEHC will not cross-subsidize between the regulated and non-regulated businesses or between any regulated businesses, and shall comply with the Commission's applicable orders and rules with respect to such matters.	Ongoing Compliance	IASA acknowledging this commitment was executed on March 30, 2006;
10	Due to PUHCA repeal, neither Berkshire Hathaway nor MEHC will be registered public utility holding companies under PUHCA. Thus, no waiver by Berkshire Hathaway or MEHC of any defenses to which they may be entitled under <i>Ohio Power Co. v. FERC</i> , 954 F.2d 779 (D.C. Cir.), cert. denied <i>sub nom. Arcadia v. Ohio Power Co.</i> , 506 U.S. 981 (1992), is necessary to maintain the Commission's regulation of MEHC and PacifiCorp. However, while PUHCA is in effect, Berkshire Hathaway and MEHC waive such defenses.	Ongoing Compliance	Agreed per signed stipulation.
11	a) Any diversified holdings and investments (e.g., non-utility business or foreign utilities) of MEHC following approval of the transaction will not be held by PacifiCorp or a subsidiary of PacifiCorp. This condition will not prohibit MEHC or its affiliates other than PacifiCorp from holding diversified businesses. b) Ring-fencing provisions for PPW Holdings LLC will include the provisions in Appendix 1. These provisions have been derived from those in effect for NNGC Acquisition, LLC as of December 1, 2005.	Ongoing Compliance	a) Agreed per signed stipulation; action not required unless specified activities occur. b) The PPW Holdings LLC agreement with provisions consistent with Appendix 1 was executed March 15, 2006.
12	PacifiCorp or MEHC will notify the Commission subsequent to MEHC's board approval and as soon as practicable following any public announcement of: (1) any acquisition of a regulated or unregulated business representing 5 percent or more of the capitalization of MEHC; or (2) the change in effective control or acquisition of any material part or all of PacifiCorp by any other firm, whether by merger, combination, transfer of stock or assets.	Ongoing Compliance	Agreed per signed stipulation; action not required unless specified activities occur. Written notice of the Constellation acquisition was provided to all PacifiCorp utility commissions in September 2008. Verbal notice of the cancellation of the Constellation acquisition was given to all PacifiCorp utility commissions in December 2008.
13	The Inter-company Administrative Services Agreement (IASA) will include the corporate and affiliate cost allocation methodologies. The IASA will be filed with the Commission as soon as practicable after the closing of the transaction. Approval of the IASA will be requested if required by law or rule, but approval for ratemaking purposes will not be requested in such filing. Refer to Commitment 14 (f). Amendments to the IASA will also be filed with the Commission.	Ongoing Compliance	IASA acknowledging this commitment was executed on March 30, 2006; and filed on March 30, 2006.
14	Any proposed cost allocation methodology for the allocation of corporate and affiliate investments, expenses, and overheads, required by law or rule to be submitted to the Commission for approval, will comply with the following principles: a) For services rendered to PacifiCorp or each cost category subject to allocation to PacifiCorp by MEHC or any of its affiliates, MEHC must be able	Ongoing Compliance	IASA filed in 13 above contained the provisions required by 14a-14f.

	<p>to demonstrate that such service or cost category is necessary to PacifiCorp for the performance of its regulated operations. Is not duplicative of services already being performed within PacifiCorp, and is reasonable and prudent.</p> <p>b) Cost allocations to PacifiCorp and its subsidiaries will be based on generally accepted accounting standards; that is, in general, direct costs will be charged to specific subsidiaries whenever possible and shared or indirect costs will be allocated based upon the primary cost-driving factors.</p> <p>c) MEHC and its subsidiaries will have in place positive time reporting systems adequate to support the allocation and assignment of costs of executives and other relevant personnel to PacifiCorp.</p> <p>d) An audit trail will be maintained such that all costs subject to allocation can be specifically identified, particularly with respect to their origin. In addition, the audit trail must be adequately supported. Failure to adequately support any allocated cost may result in denial of its recovery in rates.</p> <p>e) Costs which would have been denied recovery in rates had they been incurred by PacifiCorp regulated operations will likewise be denied recovery whether they are allocated directly or indirectly through subsidiaries in the MEHC group.</p> <p>f) Any corporate cost allocation methodology used for rate setting, and subsequent changes thereto, will be submitted to the Commission for approval if required by law or rule.</p>		
15	<p>MEHC and PacifiCorp commit that PacifiCorp will maintain separate debt and preferred stock, if any. PacifiCorp will maintain its own corporate credit rating, as well as ratings for long-term debt and preferred stock, from Moody's and S&P on their successor rating agencies.</p>	Ongoing Compliance	PacifiCorp continues to have corporate credit ratings as well as ratings for long-term debt and preferred stock from Moody's and S&P.
16	<p>MEHC and PacifiCorp will exclude all costs of the transaction from PacifiCorp's utility accounts. Within 90 days following completion of the transaction, MEHC will provide a preliminary accounting of these costs. Further, MEHC will provide the Commission with a final accounting of these costs within 30 days of the accounting close.</p>	COMPLETE	COMPLETE – effective January 30, 2007.
17	<p>MEHC and PacifiCorp will provide the Commission with unrestricted access to all written information provided by and to credit rating agencies that pertains to PacifiCorp or MEHC. Berkshire Hathaway and MEHC will also provide the Commission with unrestricted access to all written information provided by and to credit rating agencies that pertains to MEHC's subsidiaries to the extent such information may potentially impact PacifiCorp.</p>	Ongoing Compliance	Rating agency materials are available upon request. See Washington-specific Commitment Wa21.
18	<p>a) MEHC and PacifiCorp commit that PacifiCorp will not make any dividends to PPW Holdings LLC or MEHC that will reduce PacifiCorp's common equity capital below the following percentages of its Total Capital without Commission approval: 48.25% from the date of the close of the transaction through December 31, 2008; 47.25% from January 1, 2009, through December 31, 2009; 46.25% from January 1, 2010 through December 31, 2010;</p>	Ongoing Compliance	No distributions have been made by PacifiCorp to PPW Holdings LLC or MEHC.

	<p>45.25% from January 1, 2011 through December 31, 2011; 44.00% after December 31, 2011. b) PacifiCorp's Total Capital is defined as common equity, preferred equity and long-term debt. Long-term debt is defined as debt with a term of more than one year. For purposes of calculating the numerator of the percentage, common equity will be increased by 50% of the remaining balance of preferred stock that was in existence prior to the acquisition of PacifiCorp by MEHC. PacifiCorp and MEHC will work with Commission Staff to determine a percentage of common equity credit to apply to preferred stock issued by PacifiCorp after the acquisition of PacifiCorp by MEHC. In the absence of such an agreement between Commission Staff and the Companies, MEHC and PacifiCorp agree to treat new issuances of preferred stock as 100% debt, unless a Commission order approves a different percentage. c) MEHC and PacifiCorp commit that PacifiCorp will not make any dividends to PPW Holdings LLC or MEHC that will reduce PacifiCorp's common equity capital below 35% of its Total Adjusted Capital without Commission approval. For purposes of calculating the numerator of the percentage, common equity will not include any portion of PacifiCorp preferred stock issued and outstanding. PacifiCorp's Total Adjusted Capital is defined as common equity, preferred equity, long-term debt, short-term debt and capitalized lease obligations. d) The Commission, on its own motion or at the request of any party, may reexamine the minimum common equity percentages as financial conditions or accounting standards warrant.</p>		
19	<p>The capital requirements of PacifiCorp, as determined to be necessary to meet its obligation to serve the public, will be given a high priority by the Board of Directors of MEHC and PacifiCorp.</p>	Ongoing Compliance	For the period April 2008 through March 2009, MEHC made equity infusions totaling \$450 million.
20	<p>MEHC and PacifiCorp commit that neither PacifiCorp nor its subsidiaries will, without the approval of the Commission, make loans or transfer funds (other than dividends and payments pursuant to the IASA) to MEHC, Berkshire Hathaway or their respective subsidiaries, or assume any obligation or liability as guarantor, endorser, surety or otherwise for MEHC, Berkshire Hathaway or their respective subsidiaries; provided that this condition will not prevent PacifiCorp, to the extent allowed by law, from making loans or transferring funds to a subsidiary of PacifiCorp or assuming any obligation or liability on behalf of a subsidiary of PacifiCorp. MEHC and Berkshire Hathaway will not pledge any of the assets of the business of PacifiCorp as backing for any securities which MEHC, Berkshire Hathaway or their respective subsidiaries, but excluding PacifiCorp and its subsidiaries, may issue.</p>	Ongoing Compliance	Agreed per signed stipulation.
21	<p>MEHC and PacifiCorp will not advocate for a higher cost of capital as compared to what PacifiCorp's cost of capital would have been, using Commission standards, absent MEHC's ownership.</p>	Ongoing Compliance	PacifiCorp continues to calculate its cost of capital on a stand-alone basis, and has not advocated for a higher cost due to its acquisition by MEHC. This has been demonstrated in the cost of capital testimony filed in the company's general rate case filings.

23	PacifiCorp will continue a Blue Sky tariff offering in all states. PacifiCorp will continue to support this offering through innovative marketing, by modifying the tariff to reflect the developing green power market and by monitoring national certification standards.	Ongoing Compliance	<p>Blue Sky promotional activities included targeted direct mail campaigns, email campaign, business reply envelopes, the company's call center challenge, bill messages as well as customer newsletters stories, community project funding announcements and direct customer outreach via customer account managers and regional community managers. All customers continue to receive acknowledgement when they enroll including a thank you letter and a window decal. New business partners received a framed certificate or plaque depending on enrollment level. Participating customers at the end of the calendar year also received a thank you letter acknowledging the amount of renewable energy they individually supporting during the year and how much collectively all Blue Sky customers supported that year.</p> <p>In 2008, the company began communicating to customers that the program was Green-e Energy certified - complying with Green-e Energy customer disclosure and national standard requirements. Regularly participated in Green-e Energy Advisory Committee meetings to stay abreast of national certification standards and any pending changes to evaluate impact to offering. In 2008, the company made changes to the equivalent environmental benefit calculations to align with Green-e Energy and EPA suggested methodology.</p> <p>Tariff changes were filed April 3, 2009 to allow more flexibility in the enrollment and process and provide the company the ability to respond to customers requests for significant large, multiple year REC purchases. In 2008 began communicating to customers that the program was Green-e Energy certified - complying with Green-e Energy customer disclosure and national standard requirements. Regularly participated in Green-e Energy Advisory Committee meetings to stay abreast of national certification standards and any pending changes.</p>
24	PacifiCorp will continue its commitment to gather outside input on environmental matters, such as through the Environmental Forum.	Ongoing Compliance	<p>On an on-going basis, PacifiCorp is an active participant in the following which provide opportunities for PacifiCorp to gather outside input on specific environmental matters:</p> <p>Big Sky Carbon Sequestration Partnership, California Climate Action Registry, California Dialogue Group, Edison Electric Institute, Electric Power Research Institute, Energy Trust of Oregon Renewables Advisory Council, the Idaho Climate Issues Task Force, Northwest Power & Conservation Council, Oregon Global Warming Commission, Oregon Renewable Energy Working Group, Oregon Western Climate Initiative Stakeholder Group, The Climate Registry ("TCR"), Utah Energy Forum, Utah Clean Energy, Utah Renewable Energy Zones work group, "Senate Bill 202" work groups, Utah Western Climate Initiative</p>

25	PacifiCorp will continue to have environmental management systems in place that are self-certified to ISO 14001 standards at all PacifiCorp operated thermal generation plants.	Ongoing Compliance	Stakeholder Group, Utah Wind working group, Washington Forestry Offsets Working Group, Washington Western Climate Initiative Stakeholders Group, WEST Associates, the Western Governors Association Western Renewable Energy Zones committee, the Western Regional Air Partnership Stationary Source Joint Forum, the Wyoming Carbon Capture and Sequestration work group, and the Wyoming Western States Energy and Environment Symposium steering committee.
26	MEHC will maintain at least the existing level of PacifiCorp's community-related contributions, both in terms of monetary and in-kind contributions. The distribution of PacifiCorp's community-related contributions among the states will be done in a manner that is fair and equitable to each state.	Ongoing Compliance	The PacifiCorp thermal plants continue to maintain their ISO 14001 Certificate of Registration. The most recent surveillance audits were conducted during February 2009. On March 13, 2009, the Lake Side plant was added to the Certificate of Registration. PacifiCorp maintained its level of support for community-related contributions. Expenditures are tracked to ensure that the Company is making equitable allocations. Community funding (contributions, sponsorships and in-kind donations) for calendar year 2008 totaled \$2,847,608.
27	MEHC will continue to consult with regional advisory boards to ensure local perspectives are heard regarding community issues.	Ongoing Compliance	The Pacific Power Regional Advisory Board met June 26, 2008, September 15, 2008 and February 10, 2009. The next Pacific Power Regional Advisory Board meeting is scheduled for June 3, 2009. Regional Advisory Board members are sent monthly updates on industry and business issues. All agreements are being honored. No action required on the Collective Bargaining Agreements with IBEW Local 57 combustion turbine or IBEW Local 659.
28	MEHC will honor PacifiCorp's existing labor contracts.	Ongoing Compliance	IBEW Local 57 power delivery - The prior labor agreement was extended in December 2008 until January 2011. 29	After the closing of the transaction, MEHC and PacifiCorp will make no unilateral changes to employee benefit plans prior to May 23, 2007 that would result in the reduction of employee benefits.	COMPLETE	agreement with PacifiCorp June 17, 2008. COMPLETE - effective May 23, 2007.
30	PacifiCorp will continue to produce Integrated Resource Plans according to the then current schedule and the then current Commission rules and orders.	Ongoing Compliance	On June 11, 2008, PacifiCorp filed an update to its 2007 Integrated Resource Plan. The update was provided for informational purposes only; no commission action was requested. The implementation of Washington HB1010 (2006) requires that all utilities develop resource plans and submit them to the Washington Community, Trade and Economic Development department. On September 9, 2008 the company filed load and resource balance information from the 2007 IRP Update to comply with this requirement. In March 2009, PacifiCorp requested an extension on the 2008 IRP filing date to May 29, 2009. On March 26, 2009 the Washington Utilities and Transportation Commission granted a temporary filing extension.
31	When acquiring new generation resources in excess of 100 MW and with a dependable life of 10 or more years, PacifiCorp and MEHC will issue Requests for Proposals (RFPs) or otherwise comply with state laws, regulations and orders that pertain to procurement of new generation resources for PacifiCorp.	Ongoing Compliance	PacifiCorp issued the 2008 All Source Request for Proposal (RFP) on October 2, 2008 which was approved in Utah and Oregon. The 2008 All Source RFP was suspended on April 6, 2009 by the Utah Commission. PacifiCorp issued the 2008R-1 RFP for renewable resources on October 6, 2008 and issued the Amended 2008R-1 RFP on January 26, 2009, which is still in process. The 2008R-1 was approved in Oregon on both accounts and was noticed in Utah consistent with state laws, regulations and orders.
32	Nothing in these acquisition commitments shall be interpreted as a waiver of PacifiCorp's or MEHC's rights to request confidential treatment for information that is the subject of any commitments.	Ongoing Compliance	Agreed per signed stipulation; action not required unless specified activities occur.
33	Unless otherwise specified by Commission regulations or applicable statute, the Commission shall give MEHC and PacifiCorp written notification of any violation by either company of the commitments made in this application. If such failure is corrected within ten (10) business days for failure to file reports, or five (5) business days for other violations, the Commission shall take no action. MEHC or PacifiCorp may request, for cause, an extension of these time periods. If MEHC or PacifiCorp fails to correct such violations within the specified time frames, as modified by any Commission-approved extensions, the Commission may seek to assess penalties for violation of a Commission order, against either MEHC or PacifiCorp, but not both, as allowed under state laws and regulations.	Ongoing Compliance	Agreed per signed stipulation; action not required unless specified activities occur.
34	MEHC and PacifiCorp have identified transmission projects that MEHC and PacifiCorp believe will enhance reliability, facilitate the receipt of renewable resources, or enable further system optimization. Subject to permitting and	Ongoing Compliance	a) Path C - Construction was initiated in early 2009 and long lead equipment is on order for the Ben Lomond to Terminal section of this project.

Idaho to Northern Utah). The target completion date for this project is 2010. MEHC and PacifiCorp assert that this project: <ul style="list-style-type: none"> • enhances reliability because it increases transfer capability between the east and west control areas, • facilitates the delivery of power from wind projects in Idaho, and • provides PacifiCorp with greater flexibility and the opportunity to consider additional options regarding planned generation capacity additions. b) Mona - Oquirrh (~\$196 million) – Increase the import capability from Mona into the Wasatch Front (from Wasatch Front South to Wasatch Front North). This project would enhance the ability to import power from new resources delivered at or to Mona, and to import from Southern California by "wheeling" over the Adelanto DC tie. The target completion date for this project is 2011. MEHC and PacifiCorp assert that this project: <ul style="list-style-type: none"> • enhances reliability by enabling the import of power from Southern California entities during emergency situations, • facilitates the acceptance of renewable resources, and • enhances further system optimization since it enables the further purchase or exchange of seasonal resources from parties capable of delivering to Mona. c) Walla Walla - Yakima or Mid-C (~\$88 million) – Establish a link between the "Walla Walla bubble" and the "Yakima bubble" and/or reinforce the link between the "Walla Walla bubble" and the Mid-Columbia (at Vantage). MEHC and PacifiCorp assert that either of these projects presents opportunities to enhance PacifiCorp's ability to accept the output from wind generators and balance the system cost effectively in a regional environment. The target completion date for this project is 2010. <p>¹ It is possible that upon further review a particular investment might not be cost-effective, optimal for customers or able to be completed by the target date. If that should occur, MEHC pledges to propose an alternative to the Commission with a comparable benefit.</p>		<p>Significant progress toward permitting and right of way acquisition for the Ben Lomond to Populus section of the project was made over the past year. Some of these plans have not yet fully matured, meaning the most prudent action for now is to hold off on the next step; right of way acquisition. Pausing the project will delay the project's targeted completion date of year-end 2010. A new in-service date will be established at completion of regional studies and confirmation is received that the proposed project fits appropriately with the wider regional plan.</p>

No less than three months following the close of the transaction, PacifiCorp will initiate a process to collaboratively design similar short-term transmission products and will include stakeholders in this process. PacifiCorp will make every reasonable effort to complete a product by the end of 2008.</p> <p>f) PacifiCorp will continue to offer its Partial Interim Service product, and will make commercially reasonable efforts to offer transmission customers as much firm service as the Company's transmission studies show is available, including weeks within a month. PacifiCorp will also continue its OATT tariff provision that allows transmission customers to alter pre-scheduled transactions up to 20 minutes before the hour as long as such provision is consistent with established scheduling practices and does not jeopardize system reliability. PacifiCorp will notify parties to this proceeding if it proposes changes to these two elements of its OATT.</p>		<p>budget was spent. PacifiCorp continued implementing prior-developed circuit fusing improvement projects consistent with commitments and plans. For the period January through March 2009, 43.7% of the \$2.5 million 2009 budget has been spent.</p> <p>d) Through calendar year 2008, 274.4% of the \$2 million 2008 budget was spent. For the period January through March 2009, PacifiCorp has spent \$851,578 on Saving SAIDI Improvements.</p> <p>e) COMPLETE – effective December 28, 2007.</p> <p>f) PacifiCorp offers partial interim service and allows scheduling modifications up to 20 minutes before the start of the hour during real time. These practices will continue.</p>
36	<p>MEHC recognizes that it can and should have a role in addressing the critical importance of transmission infrastructure to the states in which PacifiCorp serves. MEHC also recognizes that some transmission projects, while highly desirable, may not be appropriate investments for PacifiCorp and its regulated customers. Therefore, MEHC commits its resources and leadership to assist PacifiCorp states in the development of transmission projects upon which the states can agree. Examples of such projects would be RMATS and the proposed Frontier transmission line.</p>	Ongoing Compliance	<p>PacifiCorp is moving forward with its Energy Gateway Transmission Expansion Project to build approximately 2,000 miles of new high-voltage transmission lines primarily in Wyoming, Utah, Idaho, Oregon and the desert Southwest. The plan, with an estimated cost exceeding \$6.1 billion, includes projects that will address customer load growth, improve system reliability and deliver energy for new wind-powered and other renewable generation resources throughout PacifiCorp's six-state service area and the Western United States.</p> <p>PacifiCorp has recognized that upsizing the project would provide additional regional benefits and has taken several steps to make that happen since the project was originally announced in May 2007, including seeking queue customers and equity partners, proposing federal legislation for financing for the incremental capacity, requesting incentive rate treatment from the Federal Energy Regulatory Commission, and other solicitation efforts. To date, significant barriers still exist that prevent PacifiCorp and other parties from making a commitment to the upsized build. PacifiCorp is moving forward with design, siting and permitting of the project and may include additional alternatives to preserve flexibility for future upsizing capabilities if future commitments are received.</p> <p>PacifiCorp is actively participating in the Western Electricity Coordinating Council's path ratings process and regional, sub-regional and local planning activities.</p>
37	<p>MEHC believes that PacifiCorp's incremental cost of long-term debt will be reduced as a result of the proposed transaction, due to the association with Berkshire Hathaway. Historically, MEHC's utility subsidiaries have been able to issue long-term debt at levels below their peers with similar credit ratings.</p>	Ongoing Compliance	<p>The long-term debt issuances of August 2006, March 2007, October 2007, July 2008, and January 2009, were analyzed to confirm that the related cost of debt was at least 10 basis points below the company's similarly-rated peers.</p>

Annual Report of Status of Commitments
To the Washington Utilities and Transportation Commission
For the Period April 1, 2008 through March 31, 2009**

General Commitment Number	Commitment Description	Status	Status Description
	<p>MEHC commits that over the next five years it will demonstrate that PacifiCorp's incremental long-term debt issuances will be at a yield ten basis points below its similarly rated peers. If it is unsuccessful in demonstrating that PacifiCorp has done so, PacifiCorp will accept up to a ten (10) basis point reduction to the yield it actually incurred on any incremental long-term debt issuances for any revenue requirement calculation effective for the five-year period subsequent to the approval of the proposed acquisition. It is projected that this benefit will yield a value roughly equal to \$6.3 million over the post-acquisition five-year period.</p>	Intentionally Left Blank	PacifiCorp's testimony in the Washington general rate case, Docket No. UE-080220, filed in February 2009, supported that the July 2008 and January 2009 debt issuances met and exceeded the commitment.
38	<p>[This Commitment number has intentionally been left blank. Commitment 38 is not available if a state selects Washington-specific Commitments Wa 4 and Wa 6.]</p>	Intentionally Left Blank	This Commitment number has been intentionally left blank.
39	<p>In Commitment 31, MEHC and PacifiCorp adopt a commitment to source future PacifiCorp generation resources consistent with the then current rules and regulations of each state. In addition to that commitment, for the next ten years, MEHC and PacifiCorp commit that they will submit as part of any commission approved RFPs for resources with a dependable life greater than 10 years and greater than 100 MW -- including renewable energy RFPs -- a 100 MW or more utility "own/operate" alternative for the particular resource. It is not the intent or objective that such alternatives be favored over other options. Rather, the option for PacifiCorp to own and operate the resource which is the subject of the RFP will enable comparison and evaluation of that option against other viable alternatives. In addition to providing regulators and interested parties with an additional viable option for assessment, it can be expected that this commitment will enhance PacifiCorp's ability to increase the proportion of cost-effective renewable energy in its generation portfolio, based upon the actual experience of MEC and the "Renewable Energy" commitment offered below.</p>	Ongoing Compliance	<p>Consistent with the IRP action plan, and PacifiCorp commitment to submit as part of any Commission-approved request for proposal (RFP) for resources with a dependable life greater than 10 years and greater than 100 MW, PacifiCorp issued the approved 2008 All Source RFP on October 2, 2008 to the market for up to 2000 megawatts. However, the request for proposal was suspended on April 6, 2009 due to the high cost of the proposals and decrease in loads. The costs and loads will be reviewed in the next six months.</p> <p>PacifiCorp issued the 2008R-1 RFP for renewable resources on October 6, 2008 and issued the Amended 2008R-1RFP on January 26, 2009. The acknowledgment of the Final Shortlist has been filed in Oregon and the evaluation to determine if any proposals are viable is currently underway.</p>
40	<p>a) MEHC reaffirms PacifiCorp's commitment to acquire 1400 MW of new cost-effective renewable resources, representing approximately 7% of PacifiCorp's load. MEHC and PacifiCorp commit to work with developers and bidders to bring at least 100 MW of cost-effective wind resources in service within one year of the close of the transaction. b) MEHC and PacifiCorp expect that the commitment to build the Walla-Walla and Path C transmission lines will facilitate up to 400 MW of renewable resource projects with an expected in-service date of 2010. MEHC and PacifiCorp commit to actively work with developers to identify other transmission improvements that can facilitate the delivery of cost-effective wind energy in PacifiCorp's service area. c) In addition, MEHC and PacifiCorp commit to work constructively with states to implement renewable energy action plans so as to enable PacifiCorp to achieve at least 1400 MW of cost-effective renewable energy resources by 2015. Such renewable energy resources are not limited to wind energy resources.</p>	Ongoing Compliance	<p>100 MW - COMPLETE - effective July 21, 2006. 400 MW - COMPLETE - effective December 31, 2007.</p> <p>PacifiCorp's latest IRP contains the latest forecast on new renewable resource development, reaffirming PacifiCorp's commitment to acquire 1400 MW of new cost-effective renewable resources.</p> <p>PacifiCorp has actively participated in two efforts to identify transmission improvements that will support the development of renewable resources. The first is the Utah Renewable Energy Zones work group and the second is the Western Governors Association's Western Renewable Energy Zones subcommittee. Finally, PacifiCorp's work on the Energy Gateway transmission projects will facilitate the delivery of cost effective renewable energy in PacifiCorp's service territory.</p>

General Commitment Number	Commitment Description	Status	Status Description
41	MEHC supports and affirms PacifiCorp's commitment to consider utilization of advanced coal-fuel technology such as super-critical or IGCC technology when adding coal-fueled generation.	Ongoing Compliance	Since the end of 2007 the company suspended further development of coal-based resources pending clarification on potential carbon dioxide legislation. The company continues to monitor potential carbon capture technology and sequestration development that may be applicable to coal-based generation.
42	<p>a) MEHC and PacifiCorp commit to participate in the Environmental Protection Agency's SF₆ Emission Reduction Partnership for Electric Power Systems. Sulfur hexafluoride (SF₆) is a highly potent greenhouse gas used in the electric industry for insulation and current interruption in electric transmission and distribution equipment. MEHC and PacifiCorp represent that over a 100-year period, SF₆ is 23,900 times more effective at trapping infrared radiation than an equivalent amount of CO₂, making it the most highly potent, known greenhouse gas. SF₆ is also a very stable chemical, with an atmospheric lifetime of 3,200 years. As the gas is emitted, it accumulates in the atmosphere in an essentially un-degraded state for many centuries. Thus, a relatively small amount of SF₆ can have a significant impact on global climate change. Through its participation in the SF₆ partnership, PacifiCorp will commit to an appropriate SF₆ emissions reduction goal and annually report its estimated SF₆ emissions. MEHC and PacifiCorp represent that this not only reduces greenhouse gas emissions, it saves money and improves grid reliability. Since 1999, EPA's SF₆ partner companies have saved \$2.5 million from the avoided gas loss alone. Use of improved SF₆ equipment and management practices helps protect system reliability and efficiency.</p> <p>b) Within six months after close of the transaction, MEHC and PacifiCorp commit that PacifiCorp will establish a global warming working group composed of representatives of the regulatory, consumer, educational and environmental communities in the six states that PacifiCorp serves, as well as representatives of PacifiCorp and MEHC. PacifiCorp will work with the global warming working group to identify cost-effective measures to reduce PacifiCorp's greenhouse emissions. PacifiCorp will develop and file with the Commission its strategy, which MEHC supports, for reducing its greenhouse gas emissions.</p>	Ongoing Compliance	<p>a) The annual letter report was sent to the U.S. Environmental Protection Agency March 31, 2009. For 2008, PacifiCorp reported SF₆ emissions of 25,077 pounds, equating to a 10.9% emission rate compared to 2007 SF₆ emissions of 24,746 pounds, equating to a 10.7% emission rate. Although the 2008 emissions reflect a 1.28% increase over 2007, because of the large reduction in 2007, the average reduction since 2005 is 5.10%.</p> <p>b) PacifiCorp's proposed action plan is currently with MEHC for review and approval.</p>
43	Working with the affected generation plant joint owners and with regulators to obtain required approvals, MEHC and PacifiCorp commit to install, to the extent cost effective, the equipment likely to be necessary under future emissions control scenarios at a cost of approximately \$81.2 million. Concurrent with an application for an air permit, MEHC and PacifiCorp will discuss its plans regarding this commitment with interested parties and solicit input. While additional expenditures may ultimately be required as future emission reduction requirements become better defined, MEHC believes these investments in emission control equipment are reasonable and environmentally beneficial. The execution of an emissions reduction plan for the existing PacifiCorp coal-fueled facilities, combined with the use of reduced-emissions coal technology for new coal-fueled generation, is	Ongoing Compliance	A plan for emissions compliance has been developed for each BART eligible coal fired unit in the PacifiCorp generation fleet. The plan addresses reduction of criteria pollutants which are oxides of nitrogen (NOx), sulfur dioxide (SO ₂) and particulate matter (PM). As part of that plan, in 2008, the Jim Bridger 4 scrubber upgrade and low NOx burner installation was completed. Dave Johnston 3 & 4 low NOx burner projects are in construction. The cost for PacifiCorp's Comprehensive Air Initiative is \$1.8 billion.

MEHC represents that the investments to which MEHC is committing are expected to result in a decrease in the SO₂ emissions rates of more than 50%, a decrease in the NO_x emissions rates of more than 40%, a reduction in the mercury emissions rates of almost 40%, and no increase expected in the CO₂ emissions rate.</p> <p>a) MEHC and PacifiCorp commit to conducting a company-defined third-party market potential study of additional DSM and energy efficiency opportunities within PacifiCorp's service areas. The objective of the study will be to identify opportunities not yet identified by the company and, if and where possible, to recommend programs or actions to pursue those opportunities found to be cost-effective. The study will focus on opportunities for deliverable DSM and energy efficiency resources rather than technical potentials that may not be attainable through DSM and energy efficiency efforts. On-site solar and combined heat and power programs may be considered in the study. During the three-month period following the close of the transaction, MEHC and PacifiCorp will consult with DSM advisory groups and other interested parties to define the proper scope of the study. The findings of the study will be reported back to DSM advisory groups, commission staffs, and other interested stakeholders and will be used by the Company in helping to direct ongoing DSM and energy efficiency efforts. The study will be completed within fifteen months after the closing on the transaction, and MEHC shareholders will absorb the first \$1 million of the costs of the study.</p> <p>b) PacifiCorp further commits to meeting its portion of the NWPPC's energy efficiency targets for Oregon, Washington and Idaho, as long as the targets can be achieved in a manner deemed cost-effective by the affected states.</p> <p>c) In addition, MEHC and PacifiCorp commit that PacifiCorp and MEC will annually collaborate to identify any incremental programs that might be cost-effective for PacifiCorp customers. The Commission will be notified of any additional cost-effective programs that are identified.</p>	Ongoing Compliance	<p>a) COMPLETE – effective July 13, 2007.</p> <p>b) Through calendar year 2008 (the fourth year of the five year resource commitment) PacifiCorp had achieved eighty-two percent of the five year targeted resources and was on schedule to exceed the overall target by five percent.</p> <p>c) MEC and PacifiCorp continue to work together communicating on a monthly basis on both program direction and the joint development of the TrakSmart2 demand side management tracking and reporting system project. On April 6, 2009 PacifiCorp provided MEC copies of the commercial curtailment proposals received through PacifiCorp's 2008 demand side management resource request for proposals. The proposals were provided to allow MEC to comment on their interest in the program structure as a possible replacement for MEC's current curtailment program and vendor. The sharing of program proposals also compliments the procurement opportunities project both companies are currently engaged in seeking to compliment program sets, reduce costs, and reduce administrative time invested in procurement work.</p>
45	<p>MEHC and PacifiCorp commit to continue customer service guarantees and performance standards as established in each jurisdiction, provided that MEHC and PacifiCorp reserve the right to request modifications of the guarantees and standards after March 31, 2008, and the right to request termination (as well as modification) of one or more guarantees or standards after 2011. The guarantees and standards will not be eliminated or modified without Commission approval.</p>	Ongoing Compliance	<p>The customer guarantee and performance standards programs continue. On June 4, 2008, Pacific Power submitted a proposal to modify three network performance standards. The filing remains under review.</p>
46	<p>MEHC has significant experience in assisting its communities with economic development efforts. MEHC plans to continue PacifiCorp's existing economic development practices and use MEHC's experience to maximize the effectiveness of these efforts.</p>	Ongoing Compliance	<p>PacifiCorp continues to support economic development through active participation in the local community economic development organizations.</p> <p>Economic development grants were given to several Pacific Power and Rocky Mountain Power communities throughout the year. Ongoing Compliance	A manual process was utilized until February 23, 2008 to ensure no collection remedies or disconnection took place during the 15-day investigation period. Effective February 23, 2008, the process was automated by implementation of customer system changes and remains in effect.
Wa2	MEHC and PacifiCorp commit to \$142.5 million (total company amount) of offsettable rate credits as reflected in Appendix 2 and as described in the following Commitments Wa 3 through Wa 7. These rate credits will be reflected in rates on the effective date of new rates as determined by the Commission in a general rate case (including Docket No. UE-050684, PacifiCorp's current general rate proceeding). The rate credits will terminate on December 31, 2010, to the extent not previously offset, unless otherwise noted. The rate credits in Commitments Wa 3 and Wa 7 are subject to deferred accounting as specified therein. Where total company values are referenced, the amount allocated to Washington will equal the Washington-allocated amount using Commission-adopted allocation factors.	Ongoing Compliance	On June 21, 2007, the Commission issued its Order in the Washington general rate case, Docket UE-061546. The Commission order ruled that the following commitments have been met or exceeded: Commitment Wa4 Affiliate Management Fee; Commitment Wa6 Affiliate Cross Charges; Commitment Wa7 A&G Cost Reduction; and Commitment 37 Long-term Debt Yield Reduction. On August 5, 2007, the Company began to pass back to customers the A&G transition savings amount over a 12-month period. The Commission's order approved the West Control Area allocation methodology which rendered Wa3 no longer applicable to Washington. Also, see updates for commitments Wa4, Wa5, and Wa7.

(The commitment is reflected in Row 2 of Appendix 2.)</p> <p>b) This commitment is offsettable to the extent PacifiCorp demonstrates to the Commission's satisfaction, in the context of a general rate case the following:</p> <p>i) Corporate allocations from MEHC to PacifiCorp included in PacifiCorp's rates are less than \$7.3 million;</p> <p>ii) Costs associated with functions previously carried out by parents to PacifiCorp and previously included in rates have not been shifted to PacifiCorp or otherwise included in PacifiCorp's rates; and</p> <p>iii) Costs have not been shifted to operational and maintenance accounts (FERC accounts 500-598), customer accounts (FERC accounts 901-905), customer service and informational accounts (FERC accounts 907-910), sales accounts (FERC accounts 911-916), capital accounts, deferred debit accounts, deferred credit accounts, or other regulatory accounts.</p>	Ongoing Compliance	<p>a) These costs were recorded as A&G expenses in prior results of operations and are included in PacifiCorp's A&G targets.</p> <p>b) The management fee in Docket No. UE-061546 rate case was adjusted to reflect the \$1.5 million historical level.</p> <p>On June 21, 2007, the Commission issued its Order in the Washington general rate case, Docket UE-061546. The Commission order ruled that the following commitments have been met or exceeded: Commitment Wa4 Affiliate Management Fee; Commitment Wa6 Affiliate Cross Charges; Commitment Wa7 A&G Cost Reduction; and Commitment 37 Long-term Debt Yield Reduction. On August 5, 2007, the Company began to pass back to customers the A&G transition savings amount over a 12-month period.</p> <p>The general rate case Docket UE-080220, filed February 6, 2008, and the general rate case Docket UE-090205, filed February 9, 2009, adjusted the MEHC allocation to PacifiCorp to the \$7.3 million level.</p>
Wa5	<p>a) MEHC commits to use an existing, or form a new, captive insurance company to provide insurance coverage for PacifiCorp's operations. The costs of forming such captive will not be reflected in PacifiCorp's regulated accounts, nor allocated directly or indirectly to PacifiCorp. Such captive shall be comparable in costs and services to that previously provided through ScottishPower's captive insurance company Dormoch. MEHC further commits that insurance costs incurred by PacifiCorp from the captive insurance company for equivalent coverage for calendar years 2006 through 2010, inclusive, will be no more than \$7.4 million (total company). Oregon</p>	Ongoing Compliance	<p>The captive policies were renewed in March 2009 with premiums no greater than \$7.4 million.</p>

To date there has not been any item over \$500,000. To the extent that such billings exist, the pricing of such billing will be assessed in conjunction with this commitment.
Wa13	<p>MEHC commits to provide shareholder funding to hire a consultant to study and design for possible implementation of an arrearage management project for low-income customers that could be made applicable to Washington and other states that PacifiCorp serves. PacifiCorp will provide a resource for facilitation of a working group to oversee the project. The study shall commence no later than one hundred eighty (180) days after close of the transaction and be completed, through the issuance of a formal report to the Commission, no later than three hundred sixty-five (365) days after close of the transaction. MEHC recognizes that such a program may have to be tailored to best fit the unique low-income environment of each individual state. The project will be developed by PacifiCorp in conjunction with the relevant regulatory and governmental agencies, low-income advocates, and other interested parties in each state that are interested in participating. The goals for the project will include reducing service terminations, reducing referral of delinquent customers to third party collection agencies, reducing collection litigation and reducing arrearages and increasing voluntary customer payments of arrearages. The costs of this study will be at least \$66,000 on a Total Company basis paid for by shareholders. If fewer than six states participate, the amount of the shareholder funds will be reduced proportionally.</p>	COMPLETE	COMPLETE - effective March 20, 2007.
Wa14	<p>MEHC and PacifiCorp commit to a total contribution level for Washington low-income bill payment assistance in the amount of \$80,000 annually, for a five-year period beginning July 1, 2006. The contributions may comprise contributions from corporate, employee, other sources and customer donations. The corporate contribution will be recorded in non-utility accounts. The contribution will be in addition to any funding provided through Schedule 91, Surcharge to Fund Low-Income Bill Assistance Program. Before the end of the five-year period, MEHC and PacifiCorp commit to work with low-income advocates and customer groups to evaluate additional matching contributions.</p>	Ongoing Compliance	<p>Contributions totaling \$80,000 were received in total by The Salvation Army and Northwest Community Action Center, the agencies that administer Project HELP for the program year ending June 30, 2008. Of that total, PacifiCorp's share was \$61,153 and the balance of donations came from all other contributors.</p> <p>The company has worked on generating additional contributions, and to this end has added a June distribution of donation envelopes in billings to the regular November and February distribution months. The company is promoting the program on the ePay website and has added the program to its Employee Giving Campaign.</p>
