Description	<p>John Cupp, Washington Utilities & Transportation Commission PO Box 47250 Olympia, WA 98504-7250 May 31, 2007 Docket Number TR-070696 Public Comments Please consider the following comments for the public record regarding the closure of the railroad crossing at Hickox Road in Mount Vernon, WA. We operate a wholesale nursery, and own 30 acres west of the railroad between and immediately adjacent to Hickox. Our property abuts the current crossing. It is our intention to grow perishable materials on the property and transport for sale. Closure of this crossing would severely impede our access to and from the property, affecting our business. It will also impede on our access to emergency services. We are strongly opposed to the closure of the railroad crossing at Hickox. We purchased the property because of its easy access to I5. This closure interferes with our intentions of use for the property for our business. Other alternatives that would impact less property owners should be considered. We would appreciate notification of further public meetings, etc. regarding this matter. Thank you,</p>
