RE: Docket TG-141101– Replacement Pages – Please do not redocket

Dear Secretary King:

Enclosed are replacement pages to Solid Waste Tariff No. 8 for Sanitary Service Co., Inc for Docket TG-141101.

These replacement pages reduce rates previously submitted for Disposal Fee Increases. The RDS transfer station sent us the enclosed letter yesterday stating they were delaying their increase from July 1, 2014 to January 1, 2015.

As a result of this reduction, residential and commercial customer revenue resulting from the tip fee increases at the disposal site would increase by approximately \$36,000, a reduction of approximately \$248,000 from our original filing, and the proposed rates would go up between 0.16% and 0.43%. The impact to pass through disposal fee customers for the Item 230 pass through increase will be approximately \$2,000, a reduction of approximately \$251,000 from our original filing, and the pass through rates would go up by 0.45%. The effective date of these proposed tariff revisions is July 1, 2014. Work papers showing the revised calculation of the disposal fee increases are enclosed.

Please feel free to call me at (360) 527-9783 if you have any questions about this filing.

Sincerely,

Amber Jones
Chief Financial Officer
